PSHE

Our values this term are Gratitude, Kindness and Generosity. Our overall theme is 'Give'.
Think of how you could show these values. Perhaps you could give someone a card, give someone a compliment, raise money for a charity such as Children in Need.

Maths

Count in tens from 0 to 120 and in twos from 0 to 24. Start to learn the ten and two times table off by heart (You have to say the full sum – 1x10=10, 2x10=20 etc)

Science

Fill a washing-up bowl or sink with water. Gather items like a lego brick, a metal coin, a wooden peg, a paperclip, and a plastic toy.
Ask your child to guess (predict) whether each item will float or sink before dropping it in. Record the results on a simple tick chart

English

Write a story about a mischievous dragon.
Include expanded noun phrases (adjective + noun) in your writing.

Year Two - Term 2
2026

Computing

Take some photos using a digital device you have at home.
Remember to be safe and always ask for someone's permission before taking the photo.

History

Make a castle. You could use modelling materials (e.g. cardboard, playdough, Lego) or make a junk model from recycled materials.

PE

Watch a Cosmic Kids yoga video at home and complete the yoga sequence. Take a photo or send in a video.

Art/DT

Make a dragon. You could draw, paint, chalk, make a model or find your own way to create a dragon..
