

Physical Education

This term the children will be focussing on balls skills as well as Yoga. They will be learning how to throw and catch a ball, dribble and maintain control of a ball and learn different yoga positions. The children will be learning how to control their breathing during each yoga pose.

Computing

This term in Computing we will be continuing to learn how to log on and will be using the program PaintZ to create pictures and to label them.

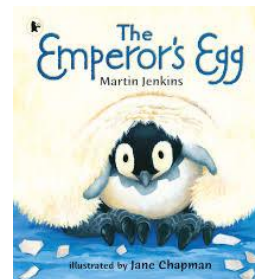

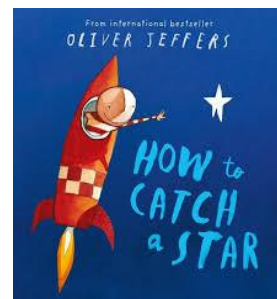

English

This term our book focus is 'How to Catch a Star' and 'The Emperor's Egg'. We will be looking at the characters, using adjectives to describe them and then we will be writing character descriptions. We will be exploring writing and ensure we are using a capital letter at the start of the sentence and a full stop at the end. We will be rereading our writing and using expression as we read it.

Year 1
Autumn Term 2
2024

Music

This term the children will have the opportunity to explore a range of instruments and explore how sounds are made and how we can change the sound. We will also be learning to sing some Christmas songs ready for church and our Nativity performance!

PSHE

In PSHE this term we will look at differences and look at ways to make new friends. This term our value is 'Give' and we will be thinking about how we can give back.

Geography

This term in Geography, we will be learning about the United Kingdom and what it is made up of. We will explore each of the four countries—England, Scotland, Wales, and Northern Ireland—and learn about their unique features, traditions, and landmarks. We will also identify and locate each country on a map and discover their capital cities: London, Edinburgh, Cardiff, and Belfast. As part of our learning, we will compare these places, exploring what makes each one special and how they come together to form the United Kingdom.

Art and DT

This term in Art we will continue to develop our drawings and adding detail. We will be focussing on combining materials that are cut, torn and glued and exploring what we can do with them.

In DT we will also be focussing on the different ways in which we can join materials.

Religious Education

This term in RE we will be learning how we celebrate Christmas. Why Christians believe that Jesus is gift from God and why Christians believe God gave Jesus to the world.

Mathematics

This term in Maths we will be solving addition and subtraction problems. We will be adding and subtracting, solving number facts to 10 and finding more or less. We will also be looking at the properties of 2D and 3D shapes and exploring measurement through money.

Science

This term we will be learning about animals. We'll be classifying them into different groups, including mammals, reptiles, birds, fish, and amphibians. We will also draw detailed illustrations of these animals and explore the reasons behind their classifications.
