

Morton Primary School Geography Intent

Child Friendly Tagline: To know our personal, local and global place in the world.

At MPS, our Geography curriculum is knowledge rich and ensures that key skills and **vocabulary** are reinforced in **meaningful contexts**. This is achieved through **first-hand experiences** and our **authentic outcomes**. Knowledge is deliberately constructed so our children's geographical knowledge is built upon each year. This allows our children to understand their sense of **personal, local and global place** in the world. Children will learn through a progressive framework that will allow them to draw upon aspects of geography which include locational, human and physical knowledge and fieldwork skills. This knowledge will allow opportunities to **widen horizons** and for our children to make responsible choices to create a **sustainable future**.

At Morton Primary School...

Purposeful to give meaning and value to our learning which prepares us for our next steps.

Experiences that widen our opportunities, challenge us and allow us to see the wider world.

Targeted vocabulary and high quality texts means we become language rich.

Strive to create aspirations for ourselves, our family and our community, whilst reflecting on the difference we are making in society.

...we STEP into our curriculum!
