School re opening after Covid-19 cases

Dear Parents and Carers,

Following the cases of Covid-19 we are planning to open school again to our vulnerable children and the children of key workers from tomorrow, Wed 3rd Feb.

We will be operating with reduced staffing in school due to people either isolating or recovering from Covid-19 so if at all possible we would like you to continue with keeping the children at home and the remote learning.

Every family will have their own circumstances they are trying to deal with and juggling work with home schooling is not easy. Everything you have managed to do to support the remote learning has been fantastic and equally if you have been unable to offer your children support due your family situation we understand this too.

As a school we know how difficult these times are for everybody and appreciate everything you have done to support your children. Being a parent is never easy and the challenges we are facing at the moment make it even harder. Helping the children who are finding these times difficult because they are missing being in school with friends is just as important as any academic work they are accessing.

The wellbeing of our children should be at the forefront of everything we are trying to do therefore don't be afraid to take some down time with the children give them a break, play games, take them for a walk and try to have fun whenever you can.

Staff have worked incredibly hard to adapt to a completely new way of teaching and are continuing to develop their own skills and finding ways to support the children at home as well as trying to teach those in school at the same time. Please let your child's class teacher know if you need any support with anything and they will try wherever possible to help you with this. Also if you need to ring me for anything even if it's just to chat please do so.

We are here for you and your children and when the children are able to fully return to school rest assured we will do everything we can to help them catch up with any lost learning that may have occurred.

Thank you again for your continued support please take care and stay safe.

Kind Regards

Mr Flint
Executive Headteacher
