Friday 22/01/21

Plan for school opening week commencing Monday 25th January

Dear Parents and Carers,

Despite our best efforts you will by now be aware that we have confirmed cases of Covid-19 in school.

This is very concerning for all and has resulted in us having to close various classes in school.

After discussion with Governors and staff we have made the following decisions regarding siblings in different classes.

- If a class is closed the children and staff in this class should be in isolation for the 10 days required.
- If they have a sibling in a class that is open the **sibling in the open class should also stay off school.**

The guidelines say if you can educate your child at home you should do so. If one sibling is off school being home schooled, then other siblings should be able to work from home too.

We appreciate this is not ideal but we have decided that this is the best way we can reduce the transmission and keep everyone in school as safe as possible.

Next week we will be open on the following days for Key Worker and Vulnerable children unless they are isolating or siblings of isolating children.

Class 4 – Miss Allen – will be open from Monday 25th Jan

Class 3 – Mrs Ward – will be open from Monday 25th Jan

Class 2 and Class 1 – Mrs Bell/Mrs Forrest/Mrs Spackman reopens on Friday 29th January

Unfortunately, due to my contact with the staff member who has tested positive I have also got to self-isolate and so will be working from home until Friday 29th Jan. If you need to contact me, please e-mail me at k.flint@morton.derbyshire.sch.uk

Please take care and stay safe.

Kind Regards

Mr Flint
Executive Headteacher
