

SCHOOL RISK ASSESSMENT – COVID-19

PART A. ASSESSMENT DETAILS:

Area/task/activity: Full School opening arrangements during COVID-19 restrictions

Location of activity: Mount Carmel RC High School

Team/School name: Address & Contact details:	Mount Carmel RC High School Wordsworth Road Accrington BB5 0LU	Name of Person(s) undertaking Assessment:	Mr B Georgy
		Signature(s):	Mr X Bowers
Line Manager/ Headteacher (Name/Title):	Mr X Bowers Headteacher	Date of Assessment:	26 th May 2021
Signature:	Mr X Bowers	Planned Review Date:	31 st August 2021
How communicated to staff:	Email	Date communicated to staff:	26 th May 2021

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
Changes to official COVID-19 guidance and advice	Staff, pupils, visitors, contractors, parents	Potential spread of infectious disease	<ul style="list-style-type: none"> • School regularly refers to official advice from the DfE, PHE, HS&Q and HR, LA, LASSH and Salford Diocese; SLT have signed up to daily / weekly DfE email updates and the HT informs SLT, CoG and VCoG of any updates from LA, LASSH and Salford Diocese. <ul style="list-style-type: none"> ○ Coronavirus (Covid-19): guidance for schools and other educational settings

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> ○ LCC Schools HR guidance ○ LCC Health & Safety COVID-19 web page ● Headteacher or other senior person keeps up to date with official COVID-19 Guidance and informs employees/school arrangements as required; ● Arrangements are in place to comply with the Government and NHS requirements for rapid coronavirus testing of staff and pupils; ● The School will contact the DfE Helpline (0800 046 8687) as required for support on what action to take when responding to a positive case or possible outbreak.
Poor uptake of COVID-19 vaccination	Staff, pupils, household members	Becoming seriously ill from the effects of coronavirus, potential to be life threatening	<ul style="list-style-type: none"> ● All staff are strongly encouraged to participate in the national vaccination programme and to take up the offer of the COVID-19 vaccine when they are invited to do so; ● All staff and pupils who have had the COVID-19 vaccine will continue to follow all national and local COVID-19 prevention measures, including the use of face coverings, social distancing and regular hand washing;
Vulnerable & extremely vulnerable staff or pupils with pre-existing health conditions	Staff, pupils, household members	Becoming seriously ill from the effects of coronavirus, potential to be life threatening	<ul style="list-style-type: none"> ● Staff who are identified as clinically extremely vulnerable through a current letter from the NHS or specialist doctor are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19. The government will write to people if they are required to follow more restrictive formal shielding measures due to an increase in risk; ● Most children originally identified as clinically extremely vulnerable no longer need to follow original shielding advice. Parents are advised to speak to their child's Doctor to clarify whether their child should still be classed as clinically extremely vulnerable; ● Children whose Doctor has recently confirmed they are clinically extremely

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>vulnerable are advised to follow current government guidance on shielding and protecting people who are clinically extremely vulnerable from COVID-19 or the specific advice of their Doctor;</p> <ul style="list-style-type: none"> • Pupils who are no longer required to shield but who generally remain under the care of a specialist health professional may need to discuss their care with their health professional. The school works closely with parents of children who are extremely vulnerable to support a return to school, carrying out an individual risk assessment as necessary; • Pupils aged 16 who have had their vaccine due to underlying health conditions and clinically extremely vulnerable staff who have had their vaccine have been reminded of the need to continue to follow government shielding advice and self-isolate if they have symptoms or are identified as a close contact of a positive case; • School applies the measures set out in the government Guidance for full opening: schools as far as is reasonably practicable to reduce the risk to all staff, visitors and pupils including those who are extremely clinically vulnerable and clinically vulnerable; • The Headteacher will take steps to discuss the concerns of parents of pupils with possible risk factors and provide reassurance of the measures in place to reduce the risk in school. • Where an employee expresses concerns, does not give consent to follow government guidelines, or is identified as being in the clinically vulnerable categories an individual risk assessment will be completed to assess the risks to them and identify ways to reduce these to an acceptable level including where possible the need for any reasonable adjustments such as temporarily working from home or temporary deployment to a role where it is possible to maintain social distancing. This will be done in

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>consultation with the member of staff and will be reviewed on a regular basis or in the event of any significant changes;</p> <ul style="list-style-type: none"> • Pregnant women are categorised as ‘clinically vulnerable’ as a precautionary measure and are advised to follow the Government guidance Coronavirus (COVID-19): advice for pregnant employees. In accordance with the Management of Health and Safety at Work Regulations 1999 (MHSW) a new & expectant mother risk assessment and individual Covid-19 concerns risk assessment will be completed for all pregnant staff; • Staff and pupils who live with someone who is clinically extremely vulnerable or clinically vulnerable are required attend School as normal; • It is acknowledged that some staff and pupils with particular characteristics may be at comparatively increased risk from coronavirus (COVID-19), as identified in the COVID-19: review of disparities in risks and outcomes report. If staff and pupils with significant risk factors express concerns an individual risk assessment will be completed to assess the risks to them and identify ways to reduce the risks to an acceptable level; • Staff and pupils live with those who have comparatively increased risk from coronavirus (COVID-19) are required to attend School as normal;
Staff, pupils & household members who are asymptomatic	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • School is actively engaging with the asymptomatic testing programme and is following government guidance in ‘strongly encouraging’ its benefits to staff, pupils and parents/carers; • School offers testing to all staff who work within the setting including those supporting wraparound and holiday childcare; • Staff and pupils who have received their COVID-19 vaccine are encouraged to continue to participate in the LFD testing programme;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • A separate risk assessment is in place for the LFD on-site testing programme and home testing programme; • The asymptomatic testing programme does not replace the current testing policy for those with symptoms. Anyone with symptoms (even if they recently had a negative LFD test result), will be advised to self-isolate immediately according to government guidelines and book a test; • On site LFD testing is available for a small number of pupils who are unable or unwilling to test themselves at home.
Staff, pupils & household members displaying signs of COVID-19	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Staff, parents/carers and pupils are made aware of the <u>virus symptoms</u> on a regular basis using a variety of communication. A COVID-19 centre has been created on the school website to improve communication with all stake holders and manage COVID fatigue; • Staff, other adults and pupils are instructed not to come into school if they or members of their household have coronavirus (COVID-19) symptoms, or have tested positive in at least the last 10 days in-line with the guidance for households with possible coronavirus infection. Staff are to inform the HT direct and immediately. Parents are to contact school or the out of hours COVID-19 mobile, held by a DHT; • Staff, other adults or pupils showing COVID-19 symptoms are sent home, to self-isolate for 10 days and instructed to book a test to see if they have COVID-19; • A stock of PCR tests is kept on site for use in exceptional circumstances where it is believed there are barriers to the individual accessing a PCR test elsewhere; • Staff and parents are advised that other members of their household including any siblings of the symptomatic person must self-isolate for 10

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>days from date of onset of symptoms;</p> <ul style="list-style-type: none"> • Staff, parents/carers and pupils are required to provide the school with details of anyone they or their child have been in close contact with if they test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace; • Staff and parents have been instructed to inform school immediately of the results of a test so that an assessment can be made of the potential impact on school; • If staff or pupils with COVID symptoms test negative and have not been told by the Test & Trace Team to self-isolate, they can stop self-isolating and return to school if they feel well and have been without a fever for 48 hours.; • Staff who have assisted someone who has taken ill with COVID-19 symptoms and any pupils who have been in close contact with the symptomatic person, will wash their hands with warm, running water and soap for a minimum of 20 seconds. They do not need to go home unless they display symptoms themselves or the symptomatic person subsequently tests positive or they are advised to do so by NHS Test and Trace, the School or Local Health Protection Team; • If a pupil displays symptoms their parent/carer will be required to take them home. Where this is not immediately possible, the pupil will be placed in a separate room until they can be collected, whilst being mindful of the individual pupil's needs; • Ideally, a window will be opened in the room for increased ventilation; • If it is not possible to isolate the pupil e.g. if it causes them undue distress or they need to remain under adult observation, an assessment will be carried out to see whether it is sufficient to move them to an area which is

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>at least 2 metres away from others;</p> <ul style="list-style-type: none"> • If an individual (adult or child) showing COVID-19 symptoms, needs to use the toilet while waiting to go home, they will use a separate toilet if possible. The toilet will then be cleaned and disinfected before being used by anyone else; • The area around the person with symptoms will be cleaned and disinfected using disposable cloths or paper towels and disposable mop heads after they have left to reduce the risk of passing the infection on to other people as per the COVID-19: cleaning of non-healthcare settings guidance; • When caring for someone with symptoms of coronavirus (COVID-19) a face mask should be worn if a distance of 2 metres cannot be maintained. If direct contact is necessary, then gloves, an apron and a face mask should be worn; • If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, then eye protection will also be worn by the supervising adult.
Staff, pupils & household members test positive for COVID-19	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • If someone tests positive, they are instructed to follow the 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection' self-isolating for at least 10 days from the onset of their symptoms, or from their test date if they are asymptomatic. They will only be allowed to return to school when they have been without a fever for at least 48 hours. • They can return to school after 10 days even if they still have a cough or loss of sense of smell/taste as these symptoms can last for several weeks after the infection has gone;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<ul style="list-style-type: none"> • Where the staff member or pupil has been in school during the infectious period for COVID-19, the school will undertake a rapid risk assessment to identify the bubble to which the pupil or staff member is allocated and/or any other staff or pupils who have been in close contact with them during the infectious period prior to the onset of their symptoms; if the staff member / pupil has not been in school during the infectious period the school do not need to take any further action; • Based on the outcome from the rapid risk assessment, school will send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person. Close contact means: <ul style="list-style-type: none"> ○ face to face contact including being coughed on or having a face to face conversation within one metre; ○ being within 1 metre for 1 minute or longer without face to face contact; ○ being within 2 metres of someone for more than 15 minutes (either as a one-off contact, or added up together over one day); ○ travelling in a small vehicle, i.e. a car, with an infected person; • School will follow the guidance in the latest PHE (Lancashire) Schools Resource Pack (circulated to schools via the Schools Bulletin) which provides advice on managing positive cases and who to contact for help; • School will keep a record of pupils and staff in each group (bubble) and any close contact that takes place between children and staff in different groups. School will not share the names or details of people with coronavirus (COVID-19) unless essential to protect others; • Household members of those contacts who are sent home do not need to

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>self-isolate themselves unless the pupil or staff member who is self-isolating subsequently develops symptoms;</p> <ul style="list-style-type: none"> • If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 10-day isolation period they are instructed to follow the 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection' and instructed to get a test; • If the test is negative they are instructed to remain in isolation for the remainder of the 10-day isolation period as they could still develop the coronavirus (COVID-19) within the remaining days; • If the test result is positive, they are instructed to inform school immediately, and must isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 10-day isolation period); • They are advised that their household should self-isolate for at least 10 days from when the symptomatic person first had symptoms; • In the event that a parent or guardian insists on a child attending school, the Headteacher will take the decision to refuse the child if in their reasonable judgement it is necessary to protect other pupils and staff from possible infection with coronavirus (COVID-19). Any such decision will be carefully considered in light of all the circumstances and current public health advice.
Transmission of Covid-19 due to lack of consultation on safe working practices and provision of information & instruction	Staff, pupils, visitors, contractors, parents	Spread of infectious disease	<ul style="list-style-type: none"> • Guidance and training is provided for staff to ensure they understand, and can enforce, the new routines and support pupils in understanding them and are familiar with revised physical arrangements; • Senior leaders within school ensure staff are consulted when considering

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>on safe ways of working.</p>			<p>local arrangements and there is ongoing engagement with staff (including through trade unions and employee representative groups) to monitor and understand any unforeseen impacts of changes to working environments;</p> <ul style="list-style-type: none"> • Senior leaders, are available to offer support and advice and to monitor the current working arrangements on a daily basis; • All new staff and volunteers are provided with a site induction and adequate information, instruction and training on local health, safety and COVID secure arrangements and their key roles and responsibilities; • Signage, posters and other instructions are displayed to support implementation of COVID secure measures; • Up to date information and guidance on how to manage the risks associated with COVID -19 are available on the Health & Safety Website.
<p>Spread of Covid-19 during travel to and from school on dedicated transport</p>	<p>Staff, pupils, household members, members of the public</p>	<p>Potential spread of infectious disease Pupils stranded or missing</p>	<ul style="list-style-type: none"> • The school has arrangements for advising parents and carers that pupils must not board home to school transport if they, or a member of their household has symptoms of coronavirus (Covid-19) or have had a positive LFD or PCR test result; • If a pupil develops symptoms or receives a positive LFD test whilst at school, the school will contact the parent or carer who will be required to make arrangements for the child or young person's journey home; • If a pupil has received a positive LFD test and is unable to be collected, if age appropriate and safe to do so the pupil will be permitted to walk, cycle or scooter home; • When making arrangements to transport a pupil home through school transport, school will ensure a vehicle with a bulkhead or partition separating the driver and passenger will be used where possible, social distancing will be maintained and face coverings worn by the driver,

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			passenger assistant and pupil if old enough and able to do so; <ul style="list-style-type: none"> • Although dedicated transport is not required to uniformly apply social distancing guidelines in the same way as public transport, social distancing measures will be observed on dedicated transport wherever possible; • The approach to dedicated transport has been aligned as far as possible with the principles underpinning the system of controls set out in school and where possible takes into account how pupils are grouped together at school; • Pupils are instructed to use hand sanitiser upon boarding and disembarking transport; • Drivers and passenger assistants use alcohol hand rub or sanitiser at regular intervals throughout the journey, and after performing tasks such as helping a pupil into the vehicle or handling a pupil's belongings. • Assurances have been given by transport providers that transport is cleaned regularly and that high touch points are sanitised prior to a school pick up/drop off; • A system is in place to manage queuing, boarding and disembarking from transport to prevent unnecessary close contact with others; • As far as is possible pupils are required to sit in their bubbles on dedicated transport and maintain social distancing if practicable; • Ventilation within the vehicle is maximised by opening windows and ceiling vents to allow fresh air to circulate; • Pupils aged 11 and above must wear a face covering when travelling on dedicated school transport to secondary school. This does not apply

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>to those who are exempt from wearing a face covering;</p> <ul style="list-style-type: none"> • School have been assured that transport providers, as far as possible, follow hygiene rules and try to keep their distance from passengers; • School have been assured that drivers have been instructed that they must not undertake duties for school if they or a member of their household are displaying any symptoms of coronavirus; • A separate risk assessment and working arrangements agreed with the Health Protection Board are in place which include the wearing of medical standard PPE by passenger assistants and driver attendants (where appropriate) and training on their correct use and safe disposal; <p>Guidance & support from the School Transport team available on the Schools Portal;</p> <p><i>For more information see Government Guidance: Transport to school and other places of education: 2020 to 2021 academic year</i></p>
Spread of Covid-19 during travel to and from school on public transport	Staff, pupils, household members, members of the public	Potential spread of infectious disease Pupils stranded or missing	<ul style="list-style-type: none"> • Strategies have been implemented to reduce the use of public transport by pupils to get to and from school particularly at peak times including; <ul style="list-style-type: none"> ○ Staff and pupils are encouraged to walk or cycle to school where possible; ○ Facilities are in place to store bikes securely. This will be continually monitored to ensure sufficient facilities are in place to meet demand; • Where this is not possible, use of private transport or a dedicated school bus is recommended; • If public transport has to be used, staff, parents and pupils are advised to follow social distancing rules and to wear a face covering when on public transport;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> Families who use public transport have been referred to safer travel guidance for passengers which includes guidance on how to wear a face covering.
Spread of Covid-19 when arriving at school	Staff, pupils, household members, members of the public	Potential spread of infectious disease Pupils stranded or missing	<ul style="list-style-type: none"> Parents/carers are requested not to enter school unless absolutely necessary and by appointment only. When it is necessary for parent/carer to enter the school building they will be instructed to wear a face covering and to follow handwashing/sanitisation and social distancing guidelines; Arrangements are in place for parents/carers to drop off and collect children at specified times, without physically entering the premises e.g. front gate drop-off with staff meeting pupils at the school door; Parents have been advised that only one parent should accompany their child to the school entrance; Pupils have been instructed not to touch the front of their face covering during use or when removing them on arrival at school; Reusable face coverings must be placed in a plastic bag that the wearer has brought with them and stowed in a safe place such as a school bag when not in use; Those removing face coverings are required to wash or sanitise their hands before and immediately after removing it; A bin is in place for non-reusable face coverings on arrival at the school grounds; The contents of the bin will be disposed of as normal domestic waste unless the wearer has symptoms of Covid-19 in which case it will be disposed of in line with the guidance on cleaning for non-healthcare settings;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • All staff and pupils wash their hands thoroughly with warm, running water and hand soap for at least 20 seconds on arrival at school or use hand sanitiser and will go directly to their bubble zone; • Other visitors to school and staff who are not undertaking a weekly testing schedule, will be tested before they enter the building;
Transmission of Covid-19 through insufficient personal hygiene	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Good hand hygiene and the need to wash hands more frequently is promoted around school; • Staff, pupils and visitors are instructed to wash hands or use hand sanitiser when they arrive at school, when they return from breaks, when they change rooms, before and after eating, after using the toilet, after touching shared resources or after touching their face, blowing their nose, sneezing, coughing; • Hand washing facilities are readily available. Where hand washing facilities are not readily available, hand sanitiser stations have been positioned to allow pupils and staff to clean their hands regularly; • Where necessary pupils are supervised and monitored to ensure safe and appropriate hand hygiene; • Alcohol based hand sanitiser or wipes are not used in lessons or activities involving the use of naked flames e.g. in science labs or food tech classes. Hands will be washed using soap and running water and dried thoroughly; • Skin cleaning wipes have been made available for use with very young pupils or pupils with complex needs; • Pupils are encouraged to avoid touching their faces whenever possible particularly with unwashed hands;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • The Catch it, Bin it, Kill it guidance is promoted to catch coughs and sneezes in tissues and throw them in the bin immediately (hands to be washed immediately after disposal); • Pupils are reminded how to catch coughs and sneezes if a tissue is not readily available i.e. in the crook of the elbow rather than in the hands; • Posters are displayed on good hand washing technique and government guidelines on good respiratory hygiene; • Young pupils and pupils with complex needs are supported to follow the catch it, bin it, kill it guidance; • Tissues are readily available around school including in all classrooms and sufficient numbers of bins are in place for the disposal of tissues.
Spread of COVID-19 virus via germs on surfaces and furniture within the building	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	An enhanced cleaning schedule is followed which includes; <ul style="list-style-type: none"> • More frequent cleaning of rooms/shared areas that are used by different groups; • Sanitising of tables in the dining area between different groups (bubbles) having their lunch; • More frequent cleaning of touched objects such as railings/bannisters, door and window handles, taps, desk/table tops, play equipment, toys, sports equipment, teaching & learning aids, computer equipment, telephones and toilet facilities; • Thorough cleaning of all occupied areas at the end of the day; • When cleaning, the usual products such as detergents and bleach will be used as these are effective at getting rid of the virus on surfaces; • Staff have been instructed on cleaning and sanitising requirements

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>including the use of chemicals and cleaning materials and instructions on the use of PPE;</p> <ul style="list-style-type: none"> • PPE is provided for staff to wear during cleaning activities and must be worn as instructed e.g. gloves etc.; • COSHH risk assessments are in place and followed for cleaning products and have been shared with staff as necessary; • A documented cleaning checklist is in place to ensure the enhanced cleaning schedule is followed and maintained; • For individual and very frequently used equipment, such as pencils and pens, staff and pupils are instructed to have their own items that are not shared; • Classroom based resources, such as books and games are used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces; • Resources that are shared between classes or bubbles, such as sports, art and science equipment are cleaned frequently and meticulously between bubbles; • If needed resources that are shared between classes or bubbles, such as sports, art and science equipment are rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles; • Pupils are only allowed to bring essentials into school each day including school bag, lunch boxes, hats, coats, books, stationery and mobile phones; • Pupils and teachers are permitted to take books and other shared

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
			<p>resources home that contribute to the pupil's education and development. Unnecessary sharing including the sharing of items that do not contribute to a pupil's education or development is not permitted;</p> <ul style="list-style-type: none"> • Shared resources are cleaned frequently and meticulously and before being shared and taken home; • If needed shared resources are rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) before being shared and taken home; • A cleaning regime is in place for outdoor play equipment, outdoor seating, and outdoor handrails etc; • Waste bins are emptied at least daily or more often as necessary and the contents disposed of safely; • School follows the procedures set out in the Government guidance Cleaning in Non-Health Care Settings following a confirmed or suspected case of COVID-19 on site; • Contaminated or suspected contaminated waste is double bagged, labelled and stored for 72 hours before being disposed of with general waste; • Where it is not possible to store waste for 72 hours, arrangements will be made for collection by the school's specialist clinical waste contractor; • Waste cleaning materials are disposed of in the usual way unless it is confirmed or suspected that they are contaminated as a result of a member of staff or pupil displaying symptoms; • Staff have been instructed to store personal items and clothing in areas not widely accessible during the working day e.g. in lockers.

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>Transmission of Covid-19 through airborne particles due to interaction with a large number of other pupils</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Following an assessment of the school circumstances and the practical logistics, pupils have been placed in 'year group' bubbles to enable the school to offer a full curriculum. Interaction between other years groups is minimised as far as is reasonably practicable; • Classrooms are shared with extra hygiene precautions put in place. • Measures have been put in place to limit interaction, between groups (bubbles) as much as possible; • All teachers and other staff are permitted to operate across different classes and year groups to facilitate the delivery of the timetable and specialist provision. Where staff are required to move between groups, they will try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults. The number of interactions or changes will be kept to a minimum wherever possible; • Separate zones have been allocated to year groups at break and lunch; • A one-way circulation route along corridors is in operation; • Pupils in different year groups do not to mix together at break times and groups are supervised and kept apart as far as possible; • All surfaces are cleaned before and after every break and lunch. • Different groups in the dining area will be kept apart as much as possible;
<p>Transmission of COVID-19 during physical education</p>	<p>Staff, pupils, visitors, contractors, household members</p>	<p>Potential spread of infectious disease</p>	<ul style="list-style-type: none"> • Only team sports whose national governing bodies have developed guidance which has been approved by the government will be played i.e. the list available at grassroots sports guidance. • Formally organised sporting activities can take place outdoors including competition between different schools with any number of people where

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			national guidance and COVID secure measures are observed; <ul style="list-style-type: none"> • Indoor organised sporting activities can take place including competition between different schools. The number of pupils will be restricted to 15 when it is not possible to maintain the school day bubble; • Outdoor sport provision will be prioritised over indoor provision; • Current social distancing rules before and after organised sport will be maintained; • Training and game-play will be adapted using the governing bodies guidance to reduce the level of contact as far as reasonably possible to minimise the risk of close contact; • Spectators are not permitted to attend organised sport activities on private land; • Pupils are kept in consistent groups during P.E and outdoor sports are prioritised where possible; • When indoor sport is unavoidable a large indoor space is used, maximising natural ventilation flows through opening windows and doors or using air conditioning systems wherever possible, distancing between pupils and scrupulous attention is given to cleaning and hygiene; • Where necessary external facilities are also used in line with government guidance for the use of, and travel to and from, those facilities; • Specialist curriculum risk assessments will be put in place for indoor & outdoor P.E taking into account specific guidance on physical education;
Transmission of Covid-19 through airborne particles due to close proximity to	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Secondary school staff take active steps to maintain a 2 metre distance from their pupils at all times where possible including staying at the front of the class, limiting face to face contact and minimising the time spent within

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>others</p>			<p>1 metre distance of anyone;</p> <ul style="list-style-type: none"> • Staff maintain a 2 metre distance from each other at all times; • Staff and pupils in years 7 and above are required to wear a face covering in communal areas where a minimum distance of 1 metre from others cannot be guaranteed for example when moving along corridors. • Staff and pupils are required to wear face coverings in classrooms and other teaching environments only if social distancing cannot be maintained. Some pupils and staff may choose to wear face coverings in classrooms but they are not compulsory. This does not apply in situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity or to those who are exempt from wearing a face covering; • Face visors or shields are permitted as an alternative to face coverings for staff only. Staff who choose to wear a visor or shield are fully aware that they are not as effective as a face covering in reducing aerosol transmission and should not be used without an additional face covering. This is down to personal choice. • In addition staff and pupils have been instructed to sanitise their hands before putting on and removing a face covering, not to touch the front of their face covering during use or when removing it and to place reusable face coverings in a sealable plastic bag (that the wearer has brought with them) between uses as per government guidance on face coverings; • School has a small contingency supply of disposable face coverings for instances where staff, pupils or visitors have forgotten to bring one or if their own has become soiled/breaks during the course of the day; • Bins are provided throughout the school for the disposal of disposable

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>face masks. The contents of bins are disposed of as normal domestic waste unless anyone disposing of items has symptoms of COVID-19 in which case they will be disposed of in line with the guidance on cleaning for non-healthcare settings;</p> <ul style="list-style-type: none"> • All staff and pupils are expected to adhere to the current social distancing guidelines as far as is reasonably practicable; • Classrooms have been adapted to support social distancing where possible including: <ul style="list-style-type: none"> ○ moving unnecessary furniture out of classrooms to make more space;
Transmission of Covid-19 through airborne particles due to inadequate ventilation	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • School follows the LCC Design & Construction guidance on the use of ventilation and air conditioning, the supplementary note for Winter 2020/21 and has sought specialist advice and assistance on ventilation measures from the Building Services Engineer or Building Consultant; • As much as possible, fresh air is increased within buildings by opening windows and doors frequently to encourage ventilation, taking account of any potential security, fire safety issues or inclement weather;
Transmission of Covid-19 through airborne particles due to singing, chanting, playing wind or brass instruments or shouting.	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Specialist curriculum risk assessments are in place for music dance and drama, taking into account specific government guidance on the performing arts and COVID-19, and guidance on the suggested principles of safer singing; • Singing, and playing wind and brass instruments does not take place in larger groups such as school choirs and ensembles, or school assemblies unless significant space, natural airflow (at least 10l/s/person for all present, including audiences), strict social distancing and other mitigating factors can be maintained; • Particular care is taken in music, dance and drama lessons to observe

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>social distancing including limiting group sizes, maintaining consistent bubbles and preventing the physical correction by teachers and contact between pupils in dance and drama;</p> <ul style="list-style-type: none"> • These activities only take place in larger well-ventilated spaces, or outdoors whilst maintaining a distance of at least 2 metres apart in all directions; • Pupils are positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) whenever possible. Wind and brass players are positioned so that the air from their instrument does not blow onto another player; • Performances to a live audience are not permitted; • Background or accompanying music is reduced to a level so that teachers or other performers do not have to raise their voices unduly. • Singing is performed at a reduced level of noise, using microphones for amplification where necessary; • Where microphones are shared guidance on handling equipment is followed; • The sharing of instruments is avoided wherever possible, where this is not possible frequent cleaning of instruments between use will take place; • <i>Further detailed guidance is available on working safely during coronavirus (Covid-19): performing arts</i>
Transmission of COVID-19 during Wraparound Provision	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • All parents are permitted to access wraparound and extra-curricular provision without any restrictions on the reason for which their children may attend; • Indoor wraparound provision will restrict the number of children to 15

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>when it is not possible to group children in the same bubble as they are in during the school day;</p> <ul style="list-style-type: none"> • The number of children who can attend outdoor wraparound provision is not restricted as the transmission risk outside is low; • Parents are advised to only use one out-of-school setting in addition to the school as far as possible; • As far as is possible, children are kept in a group with other children from the same bubble they are in during the school day or; • Where it is impractical to keep children in their school day bubbles, as far as possible they will be kept in the same, small consistent groups each time they attend; • Resources are meticulously cleaned before being shared with a different bubble or; • Resources shared between bubbles are left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles; • Staff and pupils in year 7 and above are required to wear a face covering when moving around the wrap around provision if social distancing cannot easily be maintained. In addition, staff and pupils in year 7 and above are required to wear a face covering in classrooms or during activities unless social distancing can be maintained; • The external provider of the schools wraparound provision have consulted with the school on suitable COVID-19 control measures to ensure they are compatible with the schools and are documented in the external provider's risk assessment;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> For more information on wraparound provision see LCCs guidance & checklist on Extended Services in Schools.
Transmission of COVID-19 during Educational Visits	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> Schools can currently participate in non-overnight domestic educational visits; A full and thorough risk assessment will be undertaken prior to all educational visits to ensure they can be done safely taking into account COVID-19 controls, national and local government guidelines. The risk assessment will be approved depending on the visit type, either by the school/nursery or LCCs Educational Visits Team via Evolve prior to the visit taking place.
Transmission of Covid-19 staff work areas	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> Where practical and the role allows, staff are supported to work from home; The occupancy of the school office and PPE rooms is restricted to ensure social distancing rules can be observed; The school office layout has been rearranged to facilitate side by side working rather than face to face; Shared work areas are avoided. Where this is not possible work areas are thoroughly sanitised before and after use by different people; Sanitising wipes are available to enable shared desks and equipment to be cleaned before and after use, staff are reminded of this requirement regularly; Measures have been put in place to protect office staff when dealing with contractors, parents and visitors. Perspex screens have been installed in open reception areas.
Transmission of Covid-19	Staff, pupils, visitors,	Potential spread of	<ul style="list-style-type: none"> Lunch breaks for staff are staggered to limit the occupancy of the staff

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
staff rest areas	contractors, household members	infectious disease	<p>room and additional space for breaks will be created by using other parts of the school if available;</p> <ul style="list-style-type: none"> • The number of staff allowed in the staff room at any one time is restricted to enable social distancing to be maintained; • Staff room furniture has been reconfigured to allow social distancing to be maintained and to reduce face to face contact. • Signage and floor markings support staff to maintain 2 metre distance; • Staff are encouraged to bring their own food to work and are discouraged from leaving the premises to purchase food off site to prevent possible transmission of the COVID-19 virus through contact with other people and/or contaminated surfaces.
Transmission of Covid-19 through airborne particles due to face-face meetings	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Meetings are held via remote working tools wherever possible; • Face to face meetings only take place when absolutely necessary. These will involve the minimum number of participants, whilst observing social distancing rules, preferably in an outdoor space or where this is not possible, in a well ventilated area indoors; • Hand sanitiser is provided in designated meeting rooms where handwashing facilities are not immediately available; • Disinfectant wipes are available in designated meeting rooms to enable staff to wipe down shared equipment before and after use;
Manual Handling	Staff	Musculoskeletal injuries	<ul style="list-style-type: none"> • A dynamic risk assessment is carried out when moving furniture & resources to reduce manual handling injuries taking into account; <ul style="list-style-type: none"> ○ the task being undertaken; ○ the capabilities of individual carrying out the task;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> ○ the load being lifted or moved; ○ the surroundings (environment) and; ○ consideration of social distancing in 2 person manual handling activities/lifts.
Need for Personal Protective Equipment (PPE)	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> ● Staff are aware of the need to use the appropriate PPE when completing specific tasks e.g. testing, cleaning or supporting an individual with coronavirus symptoms; ● PPE is sourced through normal school procurement routes; ● Disposable gloves are worn during normal cleaning regimes. Disposable gloves and impermeable aprons must be worn when cleaning areas that have been occupied by someone displaying symptoms of COVID-19; ● When caring for someone with symptoms of COVID-19 a face mask should be worn if a distance of 2 metres cannot be maintained and if contact is necessary, gloves, an apron and a face mask should be worn. ● If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing, spitting, or vomiting, eye protection will also be worn by the supervising adult. ● Staff and pupils are instructed on the need to wear a face covering by law on public transport and have been given guidance on wearing and making face coverings; ● Staff are provided with information and instruction on the use and disposal of PPE including face masks; ● Further guidance is available on safe working in education, childcare and children's social care.

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

<p>List of significant hazards (something with the potential to cause harm)</p>	<p>Who might be harmed</p>	<p>Type of harm</p>	<p>Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)</p>
<p>Dealing with emergency situations including accidents, security and evacuation during the COVID-19 pandemic</p>	<p>All building occupants</p>	<p>Untreated injuries, potential spread of infectious disease</p>	<ul style="list-style-type: none"> • In an emergency e.g. an accident or fire, social distancing does not have to be observed where it may impact on general safety or safe evacuation; • Fire evacuation drills will be practiced on a termly basis. Where necessary adjustments will be made to how the drill is practiced to allow for social distancing; • First Aiders are aware of and follow the Government guidance for first responders; • The First Aid Needs Assessment has been reviewed and amended to take account of current occupancy, numbers of first aiders required and additional PPE needed during the COVID-19 pandemic including provision of disposal gloves, disposal plastic aprons, fluid repellent surgical face masks and visors as required; • Pupils who require first aid will continue to receive care in the same way; No additional PPE is needed because of COVID-19 arrangements for any pupil who does not have symptoms; • When administering first aid to an adult a face mask should be worn if a distance of 2 metres cannot be maintained. If direct contact is necessary, gloves, an apron and a face mask should be worn; • If a risk assessment determines that there is a risk of splashing to the eyes, e.g. from coughing or vomiting, eye protection will also be worn by the first aider; • Staff involved in the provision of assistance to others in an emergency including first aid are instructed to pay particular attention to sanitation measures immediately afterwards including washing hands for 20 seconds under warm, running water or using hand sanitiser; • PFA, FAW or EFAW certificates that expired after 16 March 2020 can

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>remain valid until 31 October 2020 or 6 months from date of expiry, whichever is later. All requalification training for these certificates should be completed by 31 March 2021.</p> <ul style="list-style-type: none"> • <i>Further guidance on first aid is available on Health & Safety Executive website;</i>
Reduced premises inspections, tests, servicing and maintenance	All building occupants	Accidents or incidents resulting from poorly maintained premises & plant	<ul style="list-style-type: none"> • Premises management inspections, testing and servicing of plant, equipment, etc. are up to date for all parts of the building; • Records of all testing and checks are stored and available to all interested parties.
Transmission of Covid-19 through airborne particles from customers, visitors and contractors accessing the building	Staff, pupils, visitors, contractors, household members	Potential spread of infectious disease	<ul style="list-style-type: none"> • Visitors to site including contractors, parents and visitors are limited to essential persons only and by appointment only unless it is an emergency situation. If necessary the HT will make the final decision on what constitutes an essential visit; • All visitors who need access to the school site to complete works and maintenance will be tested before they have access to the site. • Visits will happen outside of school hours where possible; • Supply teachers, peripatetic teachers and/or other temporary staff are permitted and can move between schools; • To minimise the number of different temporary staff entering the school premises, wherever possible the school will use longer assignments with supply teachers and agree a minimum number of hours across the academic year. This will apply to supply teachers and peripatetic teachers as well as sports coaches, and those engaged to deliver before and after school clubs, they will be instructed to ensure they minimise contact and maintain as much distance as possible from other staff;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Specialists, therapists, clinicians and other support staff for pupils with SEND will provide interventions as usual; • All visitors will follow the Government's guidance and the school's strict hygiene and social distancing rules e.g. hand washing/sanitisation upon entry; • Visitor/Contractor site rules & procedures have been revised to include additional controls to mitigate the risk of transmission of COVID-19; • Reception staff responsibilities have been established in relation to COVID-19 control measures and the communication of procedures to contractors and visitors to site; • Office staff are aware of and explain additional hygiene and social distancing rules required by contractors and visitors on arrival; • Signing in/out arrangements for visitors have been modified to prevent the handling of pens and paper by multiple people; • Record are kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace; • A procedure is in place to sanitise touchscreen sign-in systems each time they are used; • Contractors must obtain permission before attending site; • When necessary, contractors familiarise themselves with the asbestos survey for the building prior to works commencing – this can be downloaded from the PAM system. Alternatively, the executive summary is available as a laminate which must be wiped clean with disinfectant wipes after use;

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • Contractors will wear appropriate PPE as determined by their employer, however they may be asked to wear additional PPE (provided by the school) upon arrival e.g. gloves, mask, coveralls, shoe covers, etc. where this is considered necessary. Contractors will comply with any additional PPE or hygiene requirements made by the school prior to entry; • Contractors will be asked to keep the time spent on site to a minimum and will make all efforts to only attend site to carry out work during periods of reduced occupation; • Alternative routes around or through the premises will be used as instructed by the school e.g. the school may usher the contractor through a fire escape door to access an adjacent room, rather than walking them through the school to reach their destination; • The number of site deliveries has been reduced where possible; • A procedure is in place to wipe down deliveries with sanitiser on entering the school premises where possible; • Staff handling deliveries will observe good hand hygiene, washing hands using warm, running water and soap for a minimum of 20 seconds or using hand sanitiser after handling new deliveries that have not been sanitised.
Homeworking with DSE	Staff and members of their household	Development or worsening of existing musculoskeletal injuries or health conditions	<ul style="list-style-type: none"> • Homeworking will usually involve the use of Display Screen Equipment (DSE) in the form of mobile laptops, tablets, phones, etc.; • Staff working from home have undertaken DSE e-learning and are aware of how to set-up their workstation and equipment at home so as not to cause additional health risks; • Staff have access to H&S information and support to assist homeworking

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<p>arrangements such as:</p> <ul style="list-style-type: none"> • H&S COVID-19 web page (section on 'How to support employees working from home'); • Remote H&S support is available via the Duty Officer by Tel: 01772 538877 or email HS&Q Team at: health.safety@lancashire.gov.uk ; • In circumstances where staff are homeworking for more than one month at a time, a Homeworker Checklist & Risk Assessment (see link to above web page) will be completed to identify any issues or concerns. The findings will be discussed with the line manager at school and further action taken where necessary.
Stress and Anxiety	Staff	Increased levels of stress/anxiety and lower than normal levels of wellbeing	<ul style="list-style-type: none"> • Senior personnel monitor working arrangements and offer support and advice where necessary; • Staff are able to contact colleagues or managers for advice and support, or just for reassurance, during the normal working day; • A procedure is available for individuals to report concerns over breaches of school safe working policy/guidelines so that intervention can occur; • Where a member of staff returning to the workplace has raised concerns about their safety or wellbeing due to the risk of COVID-19, where necessary their line manager will complete a risk assessment addressing COVID-19 concerns for an employee to help identify key concerns and any further adjustments required to support them at work; • Staff are made aware of sources of information that will assist staff wellbeing such as: <ul style="list-style-type: none"> ▪ Employee Wellbeing ▪ MIND web site ▪ H&S COVID-19 web page

PART B. HAZARD IDENTIFICATION AND CONTROL MEASURES:

List of significant hazards (something with the potential to cause harm)	Who might be harmed	Type of harm	Existing controls (actions already taken to control the risk - include procedure for the task/activity where these are specified)
			<ul style="list-style-type: none"> • The Department for Education is providing additional support for both pupil and staff wellbeing in the current situation. Information about the extra mental health support for pupils and teachers is available; • The Education Support Partnership provides a free helpline for school staff and targeted support for mental health and wellbeing. • The school have established a staff health and well being group that are tasked with creative ideas to promote health and wellbeing. This group, led by HWD, have continued to meet half termly from September 2020 and continue to make a valuable contribution to staff well-being at MC, (minutes and recommendations are available);

I certify that the risk assessment above fully applies to the area/task/activity under assessment in Mount Carmel RC High School, Wordsworth Road, Accrington, Lancashire, BB5 0LU.

Signed: X. Bowers

Name: Mr X. Bowers

Risk Assessor: Mr B.Georgy
