8 Disclosure of Images to Data Subjects

- 8.1 Any individual recorded in any CCTV image is a data subject for the purposes of the Data Protection Legislation, and has a right to request access to those images.
- 8.2 Any individual who requests access to images of themselves will be considered to have made a subject access request pursuant to the Data Protection Legislation. Such a request should be considered in the context of the School's Subject Access Request Policy.
- 8.3 When such a request is made the Assistant Pastoral Leaders will review the CCTV footage, in respect of relevant time periods where appropriate, in accordance with the request.
- 8.4 If the footage contains only the individual making the request then the individual may be permitted to view the footage. This must be strictly limited to that footage which contains only images of the individual making the request. The Assistant Pastoral Leaders must take appropriate measures to ensure that the footage is restricted in this way.
- 8.5 If the footage contains images of other individuals then the School must consider whether:
 - 8.5.1 The request requires the disclosure of the images of individuals other than the requester, for example whether the images can be distorted so as not to identify other individuals;
 - 8.5.2 The other individuals in the footage have consented to the disclosure of the images, or their consent could be obtained; or
 - 8.5.3 If not, then whether it is otherwise reasonable in the circumstances to disclose those images to the individual making the request.

- 9.2 CCTV images will only be disclosed to law enforcement agencies in line with the purposes for which the CCTV system is in place.

- 9.3 If a request is received from a law enforcement agency for disclosure of CCTV images then the Assistant Pastoral Leaders must follow the same process as above in relation to subject access requests. Detail should be obtained from the law enforcement agency as to exactly what they want the CCTV images for, and any particular individuals of concern. This will then enable proper consideration to be given to what should be disclosed, and the potential disclosure of any third party images.
- 9.4 The information above must be recorded in relation to any disclosure.
- 9.5 If an order is granted by a Court for disclosure of CCTV images then this should be complied with. However very careful consideration must be given to exactly what the Court order requires.
