

# REDUCE

use less...buy less... avoid waste  
turn off lights... take shorter showers

# REUSE

use more things multiple times...  
use cloth shopping bags

# RECYCLE

separate waste so that recyclable  
products can be made into  
something new

# SAVE THE OCEAN!

A huge amount of Plastic, takes no longer than half a second to get into the Ocean. This is extremely dangerous for our Planet.

About 8 million tons of Plastic reach / enter the ocean every year.

There are more micro-plastics in the ocean than the amount of stars in the Milky Way.

STOP WASTING PLASTICS  
ALWAYS RECYCLE!

Animals choke and die, due to all the plastic waste.

PLASTIC-WASTE CAUSES GLOBAL WARMING

Over 1 million marine animals (including mammals, fish, sharks, turtles, and birds) are killed each year due to plastic debris in the ocean.
