

Pupil Premium Report 2017/18

Introduction

Since April 2011, schools have received additional Pupil Premium funding in addition to main school funding. The purpose of this funding is to narrow the attainment gap between pupils from disadvantaged backgrounds and their peers.

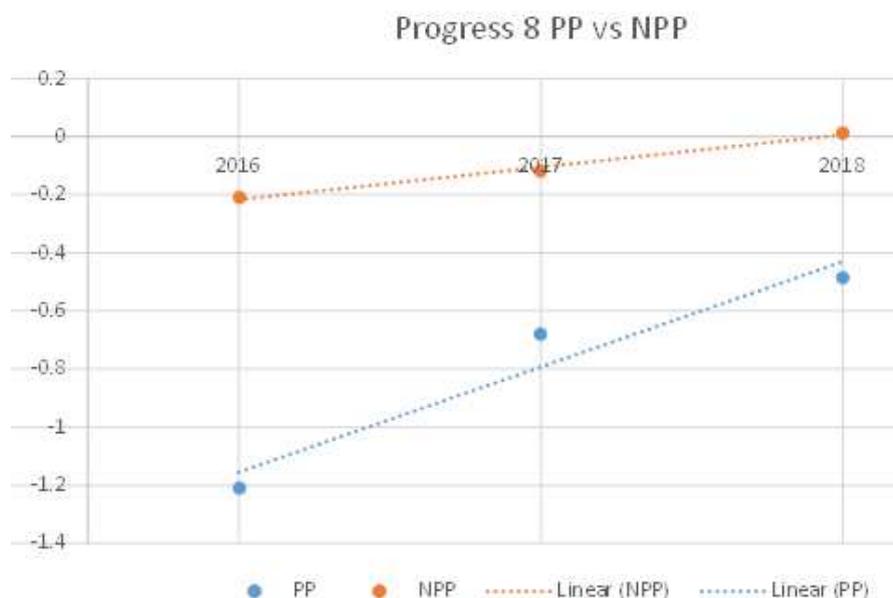

The Pupil Premium is allocated to children from different groups. These include children who have been looked after continuously for more than six months, children of service personnel and children from low-income families who have been registered for free school meals at any point in the last six years (known as 'Ever 6 FSM'). It is for schools to decide how the Pupil Premium, allocated to schools per pupil, is spent.

The level of the premium in 2017/18 was £935 per pupil for pupils eligible for free school meals (Ever 6 FSM) and up to £1900 for pupils in care who have been continuously looked after for six months.

Schools also receive £1,900 for each pupil who has left local-authority care because of one of the following reasons: adoption, a special guardianship order, a child arrangement order or a residence order.

Impact:

Over the last two year period there has been a more rapid improvement of PP students closing the gap with NPP students with regards to whole school Progress 8.
