Expressive Arts and Design

In EAD we will be exploring shade, tone and colour. We will be learning about the technique of printing, Learning that we can make marks by using a variety of tools and one method is called printing. Model what printing is, (notice how we press down once etc) and what isn't printing (e.g 'painting' with the tool across the paper).

Jigsaw

In Jigsaw this term, we will be learning about Healthy Me. We will be talking about what our bodies need to stay healthy, and focusing on oral hygiene.

Physical Development

In PE this term, we will be taking part in gymnastics and dance activities..
We will complete fine motor activities such as threading, tracing and
cutting. We will begin to construct larger models with more complex designs.

Maths

We will continue to subitise numbers to 6, including non-standard patterns. We will count objects with accuracy. We will use 5 and 10 frames to represent numbers, learning how to use these to add and subtract.

Spring Has Sprung

Term 4

Phonics

We will continue to learn new phonemes and graphemes as consolidate
We will continue practising blending to read.

Communication and Language

We will recite and perform poems and repeated parts of stories. We will continue to practise speaking in full and accurate sentences, sometimes using because or and to link our ideas.

We will assign actions to key parts of a story and use these when performing retells to our peers.

Understanding the World

We will be understanding the seasons as we notice how Winter is turning into Spring. We will Plant beans and observes how the plant changes as it grows, and what it needs to stay healthy.

Literacy

In Literacy, we will be continue to practice oral composition, generating a sentence, holding a sentence, and attempting to record our ideas using the phonics we have learnt so far.

We will be continue to write our names without the need to copy this.

We will be writing for different purposes, including creating a class non-fiction text all about Spring.
