## Accessibility Plan 20121-20240

### Introduction

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA: not to treat disabled pupils less favourably for a reason related to their disability; to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage; to plan to increase access to education for disabled pupils.

This plan sets out the proposals of the SLT and Governing Body of Mountjoy School to increase access to education for disabled pupils in the three areas required by the planning duties in the

DDA:

The Accessibility Plan will contain relevant actions to:

Improve access to the physical environment of the school, adding specialist facilities as appropriate. This covers both improvements to the physical environment of the school and physical aids to access education.

Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally, prepared for life as those without a disability. This covers learning and teaching and the wider curriculum of the school such as participation in after-school clubs, leisure activities or school visits. It also covers the provision of specialist aids and equipment, which may assist pupils in accessing the curriculum and wider world.

Improve the delivery of communications to pupils, staff, parents and visitors with disabilities.

The information should be made available in various preferred formats within a reasonable time frame.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually

<b>Improving access to the Curriculum</b>						
<b>Task</b>	<b>Action</b>	<b>Success criteria</b>	<b>Staff</b>	<b>Date started</b>	<b>Date completed by</b>	<b>Cost</b>
