Preparing for Independence	100	100	80	75	100

This table shows the percentage of pupils in each key stage achieving good and outstanding progress towards EHCP outcomes for the year 2021 -22. It must be remembered that some pupils are new to the Key Stage this September, so data for these pupils reflects progress made in the previous Key Stage.

EHCP outcomes are set for the duration of a key stage. At Mountjoy school we use personalised MAPS to show the annual, small steps progress that pupils make towards these outcomes.

Key stage and Class Data Progress is judged as outstanding if 80 percent or more of MAP targets are achieved. It is shown in green.

Key stage and Class Data Progress is judged as good if 50 to 79 percent of MAP targets are achieved. It is shown in yellow.

Key stage and Class Data Progress is judged as small steps progress if less than 50 percent of MAP targets are achieved. It is shown in red.
