NEALE-WADE ACADEMY

An Active Learning Trust School

Vocabulary Building Workbook

Importance of Vocabulary

We have identified reading as the **golden thread** in our curriculum and within that vocabulary plays **a vital part in learning to read....** It is harder for a beginning reader to figure out words that are not already part of their speaking (oral) vocabulary. Vocabulary is key to reading comprehension. Readers cannot understand what they are reading without knowing what most of the words mean. It is thought that to comprehend a text properly you should know 95% of the words contained in it.

When students are at secondary school they begin to be exposed to far more academic language as opposed to everyday language which they experience more of in their everyday lives and at primary school.

This booklet is designed to help students to master what's called the **Tier 2 vocabulary**; these are the words found frequently in written academic texts but not so frequently used in speech or in fictional books.

RAG - Red - don't know this word; Yellow - know it but can't use it; Green - I know it and can use it

We have selected the words most needed for subjects studied at Neale Wade and identified across the subjects the **most frequently** needed ones to form our '**NWA Dictionary**'. These words will be taught explicitly in lessons but acquisition of them will be greater the more they are used, so we have embedded them into our home-learning strategy too.

You should spend 20 minutes per day working on your vocabulary; try to learn a word a day! Begin by RAG rating them – Red, Yellow or green to ascertain which ones you know already and which ones you need to work on more.

It is up to you to work through the booklet at your own pace choosing the words you would like to work with. Your tutor will check your booklets and discuss it with you regularly. Let us know if you have any questions!

Happy vocabulary building!

Tier 2 Word	Subject it is important for	RAG	Definition - what does it mean?	Type of word? (noun, adjective, adverb, verb)
Abstract	Social Sciences, Drama, DT			
Academic	English, Social Sciences, PE			
Accessibility	English, Social Sciences, Maths, PE, Business Studies, IT and Media			
Accommodation	English, Humaniites, Social Science, PE, MFL			
Accompany	Social Sciences, Drama, PE			
Accumulate	Science, Maths, Business Studies, IT and Media			
Accuracy	English, Social Sciences, lifeskills, Maths, PE, MFL
