

Friday 1st May:

Good morning Year 1. Did you manage to guess the answer to yesterday's riddle? The answer was **a river**. Do you know the world's longest river? Here are some activities for today.

Daily reading

Today, please read a book of your choice for 10 minutes then spend 5 minutes retelling what you have read and answering questions about it. Please ask an adult to help you with this.

If anyone at home has the opportunity to discuss this with you, please ask them to.

Optional online book - https://www.oxfordowl.co.uk/api/digital_books/1090.html

Daily counting, number bonds or times tables

Play catch together. Try a bounce pass.
Every catch is worth 10 points.
Make it harder by taking away 10 if you drop it.
How many points can you score?
How can you make it trickier?

Termly Spellings

Please take time to learn spellings for future weeks and to re-visit past spellings. These can be found on the school website at <https://www.newbridge.bathnes.sch.uk/> and go to the tab **Classes** and click on your class.

Daily Maths

Lesson 5- Problem Solving
Use **Multiplication by repeated addition** at mathswithparents.com
(if you haven't already logged in yet you will need to use the following log in codes- log in for **1DE** 984925 log in for **1R** 444860)

Or follow these instructions:

Activity: Problem Solving - **Count That Group**

The winner of this game is the player who calculates the biggest correct answer.
Roll a dice (or write numbers 1-6 on pieces of paper and select a number at random).
The first number shows you how many counters you need in each group.
Roll a second dice (or write the numbers out again and select a second number at random).
The second number tells you how many groups you have.
Make the correct number of groups with the same number of counters in.
Then calculate how many counters you have in total.
Repeat
What is the biggest total you can find?

Challenge: follow the video clip on Lesson 4 problem solving
