Year 6 Book Group

I would like you to read chapters **18 to 22** of **Orphans of the Tide** by **Struan Murray** (make sure you have a biscuit and a drink when you are reading). Can you anticipate what will happen next?

Daily Maths

Place Value – Significant figures:

Significant Figures

When we round to significant figures, we start counting as soon as we reach a number that is not zero.

Round 37 to 1 significant figure.

1 significant figure

To work out if the 30 will remain the same or round up to 40, we need to look at the column to its right (the units column).

In this case, the number next to it is worth 7 units, so we round our 30 up to 40.

Round 37 to 1 significant figure = **40**

Significant Figures

Round 153 to 2 significant figures.

1 significant figure

2 significant figures

Remember: we need to look to the right of the '50' to find out if this will remain 50 or be rounded up to 60.

On this occasion, because the number to its right is a 3, it means that 153 rounded to 2 significant figures is **150**.

Ready and Steady - copy and complete the table:
