2023/24

Dear Parents and Carers

I hope you had a great and restful half term. Unbelievably, we have entered the final term of the year, one where we complete fun summer activities and prepare for the transition to new year groups, and for Year 6, new secondary schools.

Warm weather safety

Please ensure that your child has a filled water bottle every day, and on warmer days, a hat and sun cream applied before school.

Lower School Sports today

Thank you to everyone who attended the Lower School Sports this morning. As always, it was a great event, where the children impressed all of the adults by their keenness to participate and have fun. The toddlers race was delightful, too – and as for the parents race – it didn't fail to live up to the competitive standard of last year!! Thank you for being such good sports - the children loved seeing you compete.

Litter Picking – More responsible citizens

Year 3 demonstrated what responsible citizens they are when on Monday they conducted a community litter pick. Tracking the local roads, armed with litter pickers, they filled a bag full of rubbish and items for recycling. On their journey they were thanked by members of the community who recognised their care for the environment and the local area. Well done, Year 3.

Curriculum Overviews for Term 6

On the school website you will find information outlining your child's learning this term. Each class has published their curriculum overview, which you can find [here](#) and by clicking on the class name.

Spelling Lists for Term 6

The spelling lists for Year 1 to Year 6, for this term, are also published on the website. You can find them on the class page [here](#).

Term 6 School Menu

For this term's school menu, please find it [here](#). Please remember that all meals must be booked in advance and by Wednesday at midnight, for the following week.

Our NPSA

Thank you to all those who donated to the cake sale today and purchased second hand uniform – the proceeds raised, a tremendous £292.20, will go towards our playground development fund. Please find the latest NPSA Newsletter [here](#). It details all of the upcoming events and activities. Please remember that tickets for the Hog Roast, on Friday 16th June, will not be on sale after today. Details for ordering these are in the newsletter.

An important date to note is the NPSA AGM on Tuesday 4th July. At this meeting we hope to appoint vacant committee roles. Our school would not be what it is without the spirit of the NPSA. Without those who commit to the formal committee roles, we would not have the charitable status which allows for a great deal of fundraising – all which in turn benefits learning, our pupils and our school. Please do come along.

Science and Art Week

Further in the newsletter you will find a poster advertising Science and Art Week. This will take place in school from 19th to 22nd June. The theme is, 'What lies beneath?' This year, if you would like to take part in the competition, we would like you to construct a model linked to the theme 'What lies beneath?' (cont)

Year 3 – Responsible Citizens

On Monday, Year 3 went on an amazing adventure. We kicked off our enquiry by doing a litter pick around the local roads. We collected lots of litter such as plastic, milk cartons and even 30 cigarette butts! We had to be really careful and remember not to touch any litter with our bare hands. Only if we used a litter picker or had a glove on could we pick up the litter safely. Thank you so much to everyone who brought in a litter picker for us to use, we had enough for one between two so every child had a good go with one.

Lower School Sports – What fun everyone had!

Little Free Library Timetable Term 6

Please see times for your child to come into the Upper School foyer to choose and keep a book.

12 th June	Year 3 and Year 4
19 th June	Year 5 and Year 6
26 th June	EYFS and Year 1
3 rd July	Year 2
10 th July	Year 3 and Year 4
17 th July	Year 5 and Year 6

If you have any books for aged 7 and up, that you would like to donate, please leave them on the tables in the foyer.
We particularly need books for Year 5 and Year 6.

Many thanks, Mrs Amor

Can you believe it?

After having learnt how to write a persuasive letter in class, Patrick wrote a letter to the makers of Organix bars, asking them to make a chocolate mint bar. At the weekend, he got a parcel in the post with a letter from Organix, and 4 boxes of bars, including their new choco-mint flapjacks! They've asked him to feedback his thoughts on the new bar.

Science & Art Week

From Monday 19th – Thursday 22nd June we will be celebrating 'Newbridge Science and Art Week 2023'. The theme of this year's special week is 'What lies beneath?' We will be exploring anything and everything below the surface of our planet.

Think, ocean creatures, pond life, fossils, minibeasts and so much more! During the week, there will be a variety of stimulating and engaging investigations and art and design activities.

Competition Time

In the past few years, we have been blown away by your Science and Art week competition entries!

This year, if you would like to take part, we would like you to construct a model linked to the theme 'What lies beneath?' You will need to give your model a specific name and you may want to create an information poster or video about what it is or how it works. Any videos can be uploaded to your class Google Classroom feed.

All entries will need to be handed into your teacher **by Wednesday 21st June**. Please ensure that all models are labelled with the child's name and class.

Are you ready to find out 'What lies beneath?'

Mrs O'Byrne

NPSA hog roast

Fri 16 June 5-8pm

Food served 5.30-7pm

Ticket
deadline
Fri 9 June
