

Being Me in My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
<p><i>Being Me in my World covers a wide range of topics, including a sense of belonging, welcoming others and being part of a school community, a wider community, and a global community; it also looks at children's rights and responsibilities, working and socialising with others, and pupil voice.</i></p>	<p><i>Celebrating Difference focuses on similarities and differences and teaches about diversity, such as disability, racism, power, friendships, and conflict; children learn to accept everyone's right to 'difference', and most year groups explore the concept of 'normal'; bullying – what it is and what it isn't, including cyber and homophobic bullying – is an important aspect of this Puzzle.</i></p>	<p><i>Dreams and Goals aims to help children think about their hopes and dreams, their goals for success, what personal strengths are, and how to overcome challenges, via team work skills and tasks. There is also a focus on enterprise and fundraising. Children learn about experiencing and managing feelings of pride, ambition, disappointment, success; and they get to share their aspirations, the dreams and goals of others in different cultures/countries, and their dreams for the world.</i></p>	<p><i>Healthy Me covers two main areas of health: Emotional health (relaxation, being safe, friendships, mental health skills, body image, relationships with food, managing stress) and Physical health (eating a balanced diet, physical activity, rest and relaxation, keeping clean, drugs and alcohol, being safe, first aid) in order for children to learn that health is a very broad topic.</i></p>	<p><i>Relationships has a wide focus, looking at diverse topics such as families, friendships, pets and animals, and love and loss. A vital part of this Puzzle is about safeguarding and keeping children safe; this links to cyber safety and social networking, as well as attraction and assertiveness; children learn how to deal with conflict, their own strengths and self-esteem. They have the chance to explore roles and responsibilities in families, and look at stereotypes.</i></p>	<p><i>Changing Me deals with change of many types, from growing from young to old, becoming a teenager, assertiveness, self-respect and safeguarding. Self and body image, puberty, attraction and accepting change are diverse subjects for children to explore. Each year group thinks about looking ahead, moving year groups or the transition to secondary school. Life cycles and how babies are made and grow are treated sensitively and are designed to meet children's needs. All year groups learn about how people and bodies change. This Puzzle links with the Science curriculum when teaching children about life cycles, babies and puberty.</i></p>

They consider their own significant relationships (family, friends and school community) and why these are special and important. As part of the lessons on healthy and safe relationships, children learn that touch can be used in kind and unkind ways. This supports later work on safeguarding. Pupils also consider their own personal attributes as a friend, family member and as part of a community, and are encouraged to celebrate these.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Families 2) Making Friends 3) Greetings 4) People Who Help Us 5) Being My Own Best Friend 6) Celebrating my Special Relationships 	<p>Learning about family relationships widens to include roles and responsibilities in a family and the importance of co-operation, appreciation and trust. Friendships are also revisited with a focus on falling out and mending friendships. This becomes more formalised and the children learn and practise two different strategies for conflict resolution (Solve it together and Mending Friendships). Children consider the importance of trust in relationships and what this feels like. They also learn about two types of secret, and why 'worry secrets' should always be shared with a trusted adult. Children reflect upon different types of physical contact in relationships, which are acceptable and which ones are not. They practise strategies for being assertive when someone is hurting them or being unkind. The children also</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Families 2) Keeping Safe – Exploring Physical Contact 3) Friends and Conflict 4) Secrets 5) Trust and Appreciation 6) Celebrating my Special Relationships 	<p>In this Puzzle, children revisit family relationships and identify the different expectations and roles that exist within the family home. They identify why stereotypes can be unfair and may not be accurate, e.g. Mum is the carer, Dad goes to work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and co-operation. Children are reminded about the Solve it together technique for negotiating conflict situations and the concept of a win-win outcome is introduced. Online relationships through gaming and apps are explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global community and they are connected to others they don't know in many ways, e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Family Roles and Responsibilities 2) Friendship 3) Keeping Myself Safe Online 4) Being a Global Citizen 1 5) Being a Global Citizen 2 	<p>Learning in this year group starts focussing on the emotional aspects of relationships and friendships. With this in mind, children explore jealousy and loss/bereavement. They identify the emotions associated with these relationship changes, the possible reasons for the change and strategies for coping with the change. The children learn that change is a natural in relationships and they will experience (or may have already experienced) some of these changes. Children revisit skills of negotiation particularly to help manage a change in a relationship. They also learn that sometimes it is better if relationships end, especially if they are causing negative feelings or they are unsafe. Children are taught that relationship endings can be amicable.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Jealousy 2) Love and Loss 3) Memories 4) Getting on and Falling Out 5) Girlfriends and Boyfriends 6) Celebrating my Relationships with People and Animals 	<p>Children learn about the importance of self-esteem and ways this can be boosted. This is important in an online context as well as offline, as mental health can be damaged by excessive comparison with others. This leads onto a series of lessons that allow the children to investigate and reflect upon a variety of positive and negative online/social media contexts including gaming and social networking. They learn about age-limits and also age-appropriateness. Within these lessons, children are taught the SMARRT internet safety rules and they apply these in different situations. Risk, pressure and influences are revisited with a focus on the physical and emotional aspects of identifying when something online or in social media feels uncomfortable or unsafe. Children are taught about grooming and how people online can pretend to be whoever they want. Rights, responsibilities and respect are revisited with an angle on technology use. Screen time is also discussed and children find ways to reduce their own screen time. This Puzzle aims to help children to be more discerning when viewing anything online or on social media.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Recognising Me 2) Safety with Online Communities 3) Being in an Online Community 4) Online Gaming 	<p>In this Puzzle, the children learn more about mental health and how to take care of their own mental well-being. They explore the grief cycle and its various stages, and discuss the different causes of grief and loss. The children learn about people who can try to control them or have power over them. They investigate online safety, learning how to judge if something is safe and helpful, as well as talking about communicating with friends and family in a positive and safe way.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) What is Mental Health? 2) My Mental Health 3) Love and Loss 4) Power and Control 5) Being Online: Real or Fake? As part of a school's safeguarding duty, pupils are re-taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions that can occur with change are explored and discussed.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Life Cycles in Nature 2) Growing From old to Young 3) The Changing Me 4) Boys' and Girls' Bodies 5) Assertiveness 6) Looking Ahead 	<p>baby in nature. This leads onto lessons where puberty is introduced. Children first look at the outside body changes in males and females. They learn that puberty is a natural part of growing up and that it is a process for getting their bodies ready to make a baby when grown-up. Inside body changes are also taught. Children learn that females have eggs (ova) in their ovaries and these are released monthly. If unfertilised by a male's sperm, it passes out of the body as a period. Sexual intercourse and the birth of the baby are not taught in this year group. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) How Babies Grow 2) Babies 3) Outside Body Changes 4) Inside Body Changes 5) Family Stereotypes 6) Looking Ahead 	<p>pupils to different sanitary and personal hygiene products. They also learn that the ovum and sperm carry genetic information that carry personal characteristics. The Puzzle ends by looking at the feelings associated with change and how to manage these. Children are introduced to Jigsaw's Circle of change model as a strategy for managing future changes.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Unique Me 2) Having a Baby 3) Girls and Puberty 4) Circles of Change 5) Accepting Change 6) Looking Ahead 	<p>They also reflect on how social media and the media can promote unhelpful comparison and how to manage this. Puberty is revisited in further detail, explaining bodily changes in males and females. Sexual intercourse is explained in slightly more detail than in the previous year. Children are encouraged to ask questions and seek clarification about anything they don't understand. Further details about pregnancy are introduced including some facts about the development of the foetus and some simple explanation about alternative ways of conception, e.g. IVF. Children learn that having a baby is a personal choice. Details of contraceptive options and methods are not taught as this is not age-appropriate. Reasons why people choose to be in a romantic relationship and choose to have a baby are also explored. Children look at what becoming a teenager means for them with an increase in freedom, rights and responsibilities. They also consider the perceptions that surround teenagers and reflect whether they are always accurate, e.g. teenagers are always moody; all teenagers have a boyfriend/girlfriend, etc.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) Self and Body Image 2) Puberty for Girls 3) Puberty for Boys 4) Conception 5) Looking Ahead 1 6) Looking Ahead 2 	<p>childbirth and the stages of development of a baby, starting at conception. They learn about different relationships and the importance of mutual respect and not pressuring/being pressured into doing something that they don't want to. The children also learn about self-esteem, why it is important and ways to develop it. Finally, they look at the transition to secondary school (or next class) and what they are looking forward to/are worried about and how they can prepare themselves mentally.</p> <p>Puzzle Piece:</p> <ol style="list-style-type: none"> 1) My Self Image 2) Puberty 3) Babies: Conception to Birth 4) Boyfriends and Girlfriends 5) Real self and Ideal Self 6) The Year Ahead
