

Tuesday 24th March:

Good morning Bee and Ladybird Class, we enjoyed hearing from your parents about how well you got on with yesterday's learning. What a crazy rollercoaster you made, don't get too dizzy! Here are some activities for today.

Daily reading	Today please read a book of your choice for 10 minutes then spend 5 minutes retelling what you have read and answering questions about it. Please ask an adult to help you with this.
Daily counting	Practise your number bonds to 5. (e.g. 4+1=5) If this is a bit tricky, please practise counting forwards and backwards to 10. An idea for how to learn them is by using a number line or natural objects for support.
Tricky words	Please take time to learn your tricky words. These can be found in your learning pack that we have sent home. Concentrate on the words that you know you find tricky and choose a few words to practise each day. Here are some ways to help you practise: <ul style="list-style-type: none"> • Copy down each word. • Circle the digraphs in each word. (e.g. <u>key</u> - 2 letters that make one sound) • Write in different shapes. • Look, write, cover, check. • Each letter could be a different colour. • You could ask a grown up to give an example of when this word could be used. <p>Can you write each one in a sentence?</p>
Daily Maths	This activity is split into 3 stages: Put different amounts of objects into 2 magic bags and give them each a shake! Ask your child to guess how many there are in each one. Which has more/less? Take them out and count together to check. Place numbers 5-10 into a magic bag and ask your child to pull out 1 at a time. Using playdough or dried pasta, ask your child to make the number of objects that correspond to the number selected. Can you represent these numbers in any other way? Can draw a picture to show this? Or can you write the number as a word?
Daily English/Phonics	Phonics: Letter 'v' Write out the words – vat, velvet, vivid and visit. Can you circle the letter 'v' in each word? What does 'v' look like as a capital letter? Writing: Can you draw a picture of something beginning with v? Can you write a sentence to caption this? Try and include at least one tricky word. Remember your capital letters and full stops. Don't forget to use pre-cursive handwriting. Optional game - https://www.phonicstracker.com/games/BeginsWithBonanza/index Please pick a phase suitable to your child's ability.
Healthy Me	BBC supermovers – https://www.bbc.co.uk/teach/supermovers/just-for-fun-alex-scott-l1/zj4pwtv
Problem of the day	Challenge – NASA needs you to build a new rocket. Build your own rocket using lego, blocks or objects from your recycling bin (make sure you check the objects with a grown up to check they are clean and safe to use).

The activities below are supplementary and can be used to further extend learning opportunities whilst at home.

National Curriculum Word Lists	Look in your Reading Log and find all of the spellings for your year group. How many of these can you learn? Can you write a sentence using the words?
Curriculum Overview	Take time to look at the Curriculum Overview for your year group. This can be found on the school website at https://www.newbridge.bathnes.sch.uk/ Go to the tab Key Information , go down the menu on the left hand side to Curriculum , go to Termly Overview and click on the one for your year group. Which aspects have you not yet covered in class? (Your teacher will have highlighted this on the paper copy). Talk to a grown up at home and decide on an aspect you would like to find out more about. This means that when you come back to school, you will be able to share something new.
Useful websites	Please see useful websites list.

Well done for trying all of these areas of learning. Please can I ask that your parent sends a few lines in an email to let me know what you have completed today.

BEE CLASS: bees@newbridge.bathnes.sch.uk LADYBIRD CLASS: ladybirds@newbridge.bathnes.sch.uk

Please look out for tomorrow's learning, Well done from Miss Keane and Miss Mylan.
