

EYFS – Learning to support your child at home

Reading:

Please read daily if possible, or at least 3 times a week, for 5 to 10 minutes.

Please comment or sign the Reading Record Log Book. Little and often is the most effective strategy, with a minimum expectation of reading both the phonics book and levelled book every week and sharing the library book together.

On Mondays, a phonics book will be sent home.

On Thursdays, a levelled book and a library book will be sent home.

In EYFS, reading is the home learning that we would encourage you to prioritise.

You could also support your child's learning with the following:

Number:

Practise number skills to 10 and 20 including counting forwards and backwards, number rhymes, number recognition, number formation and number bonds.

Doodle:

We encourage all children to practise their maths skills and boost their confidence in maths by completing the daily challenges on the Doodle Maths App. The target is to collect 35 or 40 stars each week depending on the level that your child is working at.

Other:

Individual support may also be sent home to reinforce learning. For example; phonics mats, number tracks and tricky word cards.
