* The timetable above provides a maximum of 13.5 hours of directed curriculum time. 6 hours are core, 2 hours are humanities. There are only 4hrs of foundation subjects

* There is only 1hr of French where pupils participate in this, where they do not, they "catch up".

* A silent "Reading for Pleasure" lesson has been introduced - the English department will recommend a short enriching extract (magazine / newspaper articles) and share a short recommended reading list

* Breaks and lunch are substantial and therefore support pupils having "time-out"

* All work must be submitted by pupils on a Friday by no later than 3.30pm regardless of the stage they are at - Friday provides day to "catch up".
