* The timetable above provides a maximum of 16.5 hours of directed curriculum time (+30 mins reading). 6 hours are core, 2 hours are humanities.

* There are 2hrs for either French (where this is an option) or independent revision / catch up - this means pupils not doing French have a maximum of 15.5hrs

* A silent "Reading for Pleasure" lesson has been introduced - the English department will recommend a short enriching extract (magazine / newspaper articles) and share a short recommended reading list

* Breaks and lunch are substantial and therefore support pupils having "time-out"

* All work must be submitted by pupils on a Friday by no later than 3.30pm regardless of the stage they are at - Friday provides day to "catch up".
