

English: We start the half term using the book 'The Firework-Maker's Daughter'. We will then continue the half term sharing some more lovely texts which link with our topic, like Rose Blanche which will lead to us writing in role, with historical details, through diary entries and letters home. We will also read the lovely class play 'Bombs and Blackberries' and listen to the BBC radio play 'Friend or Foe' learning about and writing our own playscripts.

Maths: This half term we will learn about...

Measurement - Area

- Find the area of rectilinear shapes by counting squares
- Compare area
- Make rectilinear shapes

Number – Multiplication and Division

- multiply and divide by 0, 1, 10 100
- multiply and divide by 6, 7 and 9
- Multiplication and division facts- 3x, 6x, 9x, 7x, 11x, 12x
- multiply three numbers

Year 4 Half-term 2: 'Keep Calm and Carry on'

History: Britain at War. The origins of World War Two and consider what life was like for a child during the war years. We will learn about rationing, evacuation, propaganda, local history and the celebration when the war was over.

PE: This half term we will continue our learning about invasion games and net games.

Science: States of Matter.

This half term we will explore solids, liquids and gases. We will learn about changing and reversible changes. We will investigate pouring solids and liquids, the volume of liquids and solids and how we can change liquids to solids. We will plan and carry out experiments about melting and evaporation. We will also look at the water cycle

Music: This half term we will be exploring feelings when you play different genres of music. We will consider pop, jazz, folk and electronic dance music.

Design Technology: In design technology we will be looking at making our own healthy dips. We will explore different flavours and textures, considering their suitability for a dip. We will then make our own dips to enjoy.

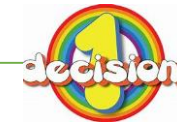

Year 4 Half-term 2: 'Keep Calm and Carry on'

RE: This term we will be learning about Christianity and how Christians use the Bible. We will learn about parables and the ways these can be interpreted and the guidance these stories, and other stories from the Bible, give for Christians when they think about how to live their lives.

PSHE: We will be learning about a world without judgement. Through our sessions we will learn about 'breaking down barriers' and we will explore removing barriers and supporting those that have physical disabilities. We will consider 'Are we all the same?' and focus on our strengths.

Computing: This term we will be focussing on internet safety. We will learn about;

- phishing
- malware
- plagiarism
- healthy screen time.
