Are all the mini-beasts scary?							✓	✓	✓	✓	✓	✓	✓	✓
Who can I ask for help?									✓			✓		✓

Early Years Foundation Stage Objectives

16-26 months

1. Explores objects by linking together different approaches: shaking, hitting, looking, feeling, tasting, mouthing, pulling, turning and poking.
2. Remembers where objects belong.
3. Matches parts of objects that fit together, e.g. puts lid on teapot.

22-36 months

1. Enjoys playing with small-world models such as a farm, a garage, or a train track.
2. Notices detailed features of objects in their environment.

Understanding the World – The World Programme of study 2019 - 2020

30-50 months

1. Comments and asks questions about aspects of their familiar world such as the place where they live or the natural world.
2. Can talk about some of the things they have observed such as plants, animals, natural and found objects.
3. Talks about why things happen and how things work.
4. Developing an understanding of growth, decay and changes over time.
5. Shows care and concern for living things and the environment.

40-60 months

1. Looks closely at similarities, differences, patterns and change.

ELG

1. Children know about similarities and differences in relation to places, objects, materials and living things.
2. They talk about the features of their own immediate environment and how environments might vary from one another.
3. They make observations of animals and plants and explain why some things occur, and talk about changes.
