Dear Parent/Carer

**RE: Winter Infections in Children**

It is the time of year for common winter infections, such as cold/flu and sickness bugs, in children to increase.

As an academy, we work hard to ensure that children wash their hands thoroughly, that they do not share water bottles and all staff encourage good hygiene practices with the children. To prevent winter infections spreading, please ensure that you continue to practice rigorous hand washing and good hygiene at home with your child/ren.

Please see overleaf, for further guidance from Public Health England, which details ways that you can help to prevent the spread of winter illnesses.

Yours Sincerely

Mrs Y Glaister  
Academy Principal

**PLEASE UPDATE THE ACADEMY OFFICE IF YOUR CONTACT DETAILS CHANGE**
