## Science

The children will be learning about:

Light & Space

The children will explore light and dark, identifying natural and artificial light sources. They will investigate how shadows are formed and understand why we need light to see. Children will also explore space, learning about the Sun, Moon and stars and developing their curiosity about the world beyond Earth.

## Emotional Quotient

The children will be learning about:

- Learning to play

## PSHE

The children will be learning about:

- Celebrating difference

## History

The children will be learning about:

The Great Fire of London

The children will learn about the Great Fire of London in 1666, exploring how and where the fire started, why it spread, and how it was eventually stopped. They will compare life in London then and now, explore historical sources, and develop their understanding of significant events in the past.

## English

The children will be reading The Snail and the Whale & Field trip to the moon.

Skills: Children will develop descriptive vocabulary, use adjectives and expanded noun phrases, orally rehearse sentences, sequence events using time words, and join ideas using and.

Writing outcomes: A description of an alien, a recount of a field trip to the Moon, a postcard from the Moon, a description of the sea, a recount of the Snail and the Whale's journey, and a letter from the Snail.
