Science

The children will be learning about:

Light & Space

The children will explore light and dark, identifying natural and artificial light sources. They will investigate how shadows are formed and understand why we need light to see. Children will also explore space, learning about the Sun, Moon and stars and developing their curiosity about the world beyond Earth.

Emotional Quotient

The children will be learning about:

- Learning to play

PSHE

The children will be learning about:

- Celebrating difference

Geography

The children will be learning about:

The Arctic

The children will learn about the Artic Circle, explore the climate in the Artic, explore the Arctic's physical features and explore animals living in the Arctic. They will look at the cities and town in the Arctic Circle and compare an Artic town to a town in the United Kingdom.

English

The children will be reading Night Monkey Day Monkey by Julia Donaldson and Beegu by Alexis Deacon

Skills: Children will develop descriptive vocabulary, use adjectives and expanded noun phrases, orally rehearse sentences, sequence events using time words, and join ideas using and.

Writing outcomes: To describe a Day Monkey, to write a missing poster for Day Monkey, to publish a character description for Day Monkey. To write a series of linked events, to write a postcard from Beegu to the children in the story, to write a recount in the form of a diary entry from Beegu.
