

Science

The children will be learning about:

Thinking Scientifically

Children will learn to think scientifically by asking questions, observing carefully and carrying out simple experiments. They use basic equipment, identify and sort objects, and record results using pictures or charts. Pupils develop curiosity and problem-solving skills while learning how scientists investigate and understand the world around them.

PSHE

The children will be learning about:

Health and Wellbeing

- Physical health and mental well-being
- Growing and changing
- Keeping safe

Emotional Quotient
