Bullying or not?

Two children fall out at lunchtime but by home time they are friends again.

One friend decides to play with someone else during playtime.

One child asks another to give them money every day.

Someone says they don't like someone's haircut.

A small group of children call a child nasty names online and it happens every day.

Someone laughs when someone gets a question wrong in class.

Someone always ignores a child in the class and persuades other children to do the same.
