## REMOTE & HOME LEARNING POLICY

### Introduction

At Oakdene Primary School, we have produced the following policy guidance in continuing to provide education via remote learning for our children, due to the current COVID-19 Pandemic.

Our expectations of children, staff, and parents/carers are clearly described in the detail below in order to ensure that, everyone understands that the safeguarding and well-being of our children in receiving a full and thorough education remains paramount.

**Please ensure that you have read the Policy in full and the subsequent consent forms are signed and returned to school.**

### Aim

The aim of this policy is to describe the use of live streaming applications by schools.

Live streaming **can be** used occasionally in the event of a teacher self-isolating but well enough to be able to deliver short inputs. In addition work must be undertaken remotely at home or in the case of a school or national lockdown. This policy will explain the application we as a school have chosen, how it will be used safely and the expectations of all those who use the application will also be made clear.

### Application

At Oakdene Primary School we have decided to use Microsoft Teams. We have chosen this application because it best meets the needs of our school and in conjunction with our network provider.

Microsoft Teams has a number of functions to it. As a school we have chosen to disable the following functions:

**Chat function unless through the hosting teacher for moderation.**

**All users to be able to share using the share button. – Share must only be used by the teacher leading the 'meeting'.**

This is to ensure the full safeguarding of both children and teachers and prevent information or images or inappropriate content being used through the application on these functions.

It is our expectation that as users of the application both children and staff should report any additional problems directly to the Executive Headteacher or other Designated Safeguarding Leads/Deputy Safeguarding Leads around the functionality of this application.

### Live Streaming

Live Streaming will always be carried out **via** the School's ICT system **and approved peripheral devices** any other access **will** not be authorised.

### Filtering and Monitoring

As part of our ongoing commitment to the safeguarding of both of our children and staff, the use of the application will be heavily monitored by our ICT lead/department to ensure that any inappropriate use or problems are reported and rectified as soon as possible.

**Please ensure that you report any identified issues immediately.**

### Equipment

The functionality of the application will be disabled or enabled by the school / controller / administrator at the source irrespective of using the school's equipment or your own laptop/computer. Whether you are using your own equipment or the school's equipment we will still seek your agreement to follow and adhere to Oakdene Primary School's 'Acceptable Use Policy' which highlights clear expectations of the use of equipment.

**Please ensure that you sign appropriate consent forms.**

If you require a computer/laptop/I-Pad from school please contact us.

### **Rights Respecting Schools**
