

Doodle English and Spell

11th September 2025

Dear Parents,

I am excited to share some important updates regarding our Year 6 homework, including the introduction of Doodle English and Doodle Spell. This innovative programme will replace the weekly reading comprehension homework your children have been accustomed to.

While Doodle English and Doodle Spell will form the core of their homework, we will continue to encourage our pupils to read at least four times a week at home. Additionally, the children will still be asked to practice their weekly ten spellings, which can easily be found on Google Classroom.

The aim of this change is to enhance our pupils' learning experience and improve their overall skills in English and spelling. By engaging with Doodle, students will be able to complete their daily five stars on both programmes, which helps them stay in the 'green zone'—a level that indicates they are making excellent progress. The programme is filled with fun exercises, interactive games and unique rewards to ensure that learning is always fresh and engaging. This method not only makes learning fun but also directly supports their preparation and revision for the upcoming SATs.

It is essential for students to complete their assignments independently without adult assistance. The algorithm built into the Doodle programme adjusts the difficulty and content according to each child's individual needs, thus providing a tailored and personalised learning experience that best supports their education.

Children can easily access Doodle Learning through the website or app using their existing Doodle Maths username and password. Should your child encounter any difficulties logging in, please encourage them to speak with their English teacher or reach out directly to Miss Offer, our Head of English.
