

# Yr 6 Enterprise Project

7<sup>th</sup> June 2024

Dear Parents,

During the past few weeks, Year Six have worked hard planning and preparing for their Enterprise project. Throughout this project the pupils have been able to structure and work as a team, making decisions that they then have had to communicate effectively to the rest of their group. They have been solely responsible for the design, build and marketing stages exhibiting some fantastic skills and innovation along the way. They will be busy making a variety of amazing products to sell on Enterprise day, which will take place on Friday 14<sup>th</sup> June.

All year groups will have the opportunity to browse and purchase products during the day, with parents welcome to the sale from 3.00pm. If your child wishes to buy products, please could they bring coins as we will be unable to facilitate large amounts of change!

Any profits made will be split between their year group fund and a charity chosen by the Year 6 pupils.

Thank you for your continued support.

Regards,

**Mrs K Bryan**  
**Assistant Head teacher**
