LEARNING PARTNERSHIP

Transfer Day

Years 4 and 8

Wednesday 7th July 2021

June 2021

Dear Parents,

The Frome Learning Partnership schools are collectively planning to be able to host transfer day for pupils in Years 4 and 8 in the traditional format on Wednesday 7th July 2021.

Further details and welcome information will be distributed throughout June and arrangements at each school may vary slightly but we are all working towards being able to welcome parents and pupils in person this year. We believe that the benefits for the pupils currently far outweigh the increase in the number of close contacts that pupils will have on that day. Every school will keep detailed contact records on the day in case we need to trace contacts and current schools will support with contacting parents should this be required.

We continue to follow current guidance and review our risk assessments regularly and will do so again when the next step of the road map is announced.

We're looking forward to welcoming you all to your new schools and celebrating the terrific progress you've made so far.

Best wishes,

Frome Learning Partnership Head teachers
