"SCHOOL CLOSURE"

EDITION NUMBER ONE

March 2020

Thank you so much for all the kind messages of support for staff at this time. We're thinking of you too and grateful that everyone who can has kept their children safely at home. We offered an ordering and collect service for those who wanted to receive their Free School Meals. The website is well stocked with ideas and activities and we will continue to monitor and update these. BUT, please remember there is no timetable, no expectation and no pressure. You have always been your child's primary educator, they will not "fall behind". Every household will be different so please just do this your way at your pace and how it best suits you 😊 Please find links and suggestions in this newsletter every week and remember to email the academy with pictures, stories or suggestions to share with our Oakfield Community.

Pupils enjoy Reading time with David Walliams—his daily broadcast during the schools shut down

Elevenes with David Walliams: A free audio story every day! The website has activities and resources too. <https://www.worldofdavidwalliams.com/elevenes/>

Drama

The Wind in the Willows West End production is available to stream online for free. The producers of the West End production of The Wind in the Willows are streaming the show online:

https://www.whatsonstage.com/london-theatre/news/wind-in-the-willows-coronavirus-stream-free_51205.html

Based on the classic children's story by Kenneth Grahame, the musical follows the various characters of the book including Mr Toad, Ratty and Mole, as they follow Toad's insatiable need for speed.

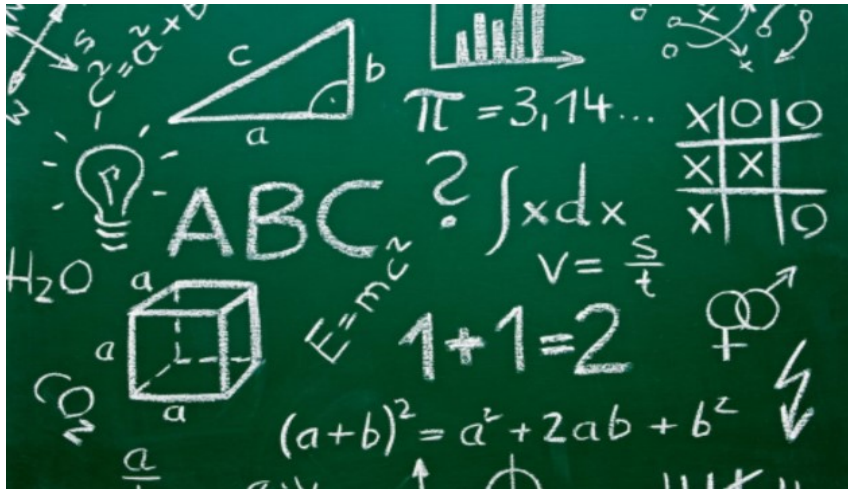

Projects for you to try after you've watched it.

- Watch the show with your family and discuss what you think.
- Write a review. We will choose some to persuade (or not) others to watch it.
- Design your own version of one (or more) of the costumes worn by the actors
- Design the front cover of the theatre program
- Write a piece of poetry based on one of the characters or the story.
- Illustrate one aspect of the story.

Please send us your reviews, designs, poems and illustrations so we can print them in future newsletters.

Mathematics

WhiteRose Maths are supporting schools and parents during school closures by creating a new section on their website: Homelearning. As a school we use their schemes of work and resources already so following these daily lessons at home will help with continuity for pupils as they are used to working in this format. It is really simple to use: Select your child's year group from the tabs at the side, just visit:-

There are free resources for each age group on the homepage that don't require a login.

Maths

Carol Vordeman is making her maths resources free online. She said they have some server issues at the moment but are working on it. She's also looking at doing an online tutorial for adults.

My maths school <http://themathsfactor.com> is usually about £2 a week, but it is now FREE for children age 4-11 until schools open.

Literacy

KS2 project –Yrs 5&6 – The Lighthouse Literacy shed plus is an excellent website for children in key stage 2 which has a bank of free resources <https://www.literacysshedplus.com/en-gb/browse/free-resources>.

This week we are encouraging you to head to one of their projects called The Lighthouse. Each project starts with a short 3 minute film clip and there is an activity pack you can download to complete afterwards. It's full of questions to promote discussion, comprehension tasks, maths questions and ideas for activities you can do based around the film such as writing a newspaper report, creating a dialogue for the film, researching Grace Darling and creating a collage of a Lighthouse. When you complete any of the ideas, please send us in a copy or a photograph for next week's newsletter!
