

P.E Reading Strategy

In P.E we promote reading through engaging pupils in our self-assessment strategies. Our Bronze, Silver, Gold and Platinum levels all have descriptors which pupils read through individually, in pairs and as a class during starters and plenaries. As a department we enjoy sharing new “sport-specific” words with pupils and highlight their meaning, suitable application in sentences and often observe unique spellings. Pupils read aloud for the class to hear what they must achieve in lessons to be awarded each of the four differing levels of achievement ranging from Bronze to Silver. Both reading and writing are important to us in the P.E department.
