

Dear soon-to-be Year Fives,

This letter is going to tell you all about Oakfield Academy, and what it's like to be a pupil here.

Lessons are a little different here at Middle School - you have a Tutor Room, and your lessons will each be in different classrooms, with a different teacher for each subject. Most classrooms are probably quite similar to at your old school, but we also have two science labs, a computing room and an excellent Drama Studio.

There are lots of fun things to do at breaktime and lunchtime. You can eat your snack in your Tutor Room, but we also have a canteen, where you can buy food with a cool fingerprint scanner. (The Waffles are amazing.) Lunch is forty-five minutes long, you eat for about fifteen of them, and then you can go to the library, play in the yard, go on the bars or field (weather permitting) and have fun. There's also a great variety of clubs, such as Drama Club, Homework Club, Pokemon Club, Art Club, Football club and many more!

At Oakfield, you can earn lots of awards for your achievements, such as Reading Badges, Merit Badges and Infinity Awards. And let's not forget the Acorns, a ceremony at the end of each term where we add up the achievements of each house.

My favourite part of Oakfield is when, on your birthday, Acorn the School Dog brings you a card! I hope you found this letter helpful.

See you in September,

Stella Prochazka, TA
