

## Year 8 - Autumn Block 5 - Representing data

Draw and interpret scatter graphs <https://vimeo.com/477518878>

Understand and describe linear correlation <https://vimeo.com/477519085>

Draw and use line of best fit <https://vimeo.com/477519379>

Identify non-linear relationships <https://vimeo.com/477519564>

Identify different types of data <https://vimeo.com/478901964>

Read and interpret ungrouped frequency tables <https://vimeo.com/481135393>

Read and interpret grouped frequency tables <https://vimeo.com/481136083>

Represent grouped discrete data <https://vimeo.com/481136452>

Represent continuous data grouped into equal classes <https://vimeo.com/481136693>

Construct and interpret two-way tables <https://vimeo.com/481137122>
