## Letter to Year 8

18<sup>th</sup> May 2020

Dear Pupils,

Another week has gone by and I hope you and your families are still all keeping well and you are maintaining a busy schedule with time to relax and enjoy things as well. The one thing I am finding is that time seems to be going quite quickly despite the restrictions we have in place.

From a DT point of view I have been looking at the designmuseum.org this week and was really impressed with the things you can find on there to do. This includes a competition to design something that they could sell in their shop which I thought might be an interesting activity. I recommend this as a great web site to visit.

The e-mails are still arriving from your parents asking any questions you may have and sharing the amazing things you have been doing. I am sending them to the relevant teachers and they are loving seeing them. If you haven't sent anything in yet remember that is why we have the e-mails set up.

Just a reminder of what they are - subject e-mails <u>dt@oakfieldacademy.org</u> or <u>year8@oakfieldacademy.org</u>. For messages for your tutors or myself. Remember you can ask Mrs Applegate from S&G questions this can be done via her e-mail <u>support@oakfieldacademy.org</u>

Also don't forget to look at the schools weekly newsletter to keep you up to date with what has been happening both in school and at home. It is a really good way to keep in contact with the rest of Oakfield.

My week has been interesting doing the things I enjoy alongside things that I need to do for school. I still haven't finished the jigsaw of New York probably because it is the sky now so every piece is blue so quite a challenge. I really must do it! I am also enjoying looking for new recipes and trying them out but in all honesty I am looking forward to being able to eat out at some point in the future. My biggest challenge is finding flour which I will need soon! I know a lot of you are trying out your cooking skills as well which is brilliant especially if you are using them to cook meals for your family. Have a look at Ms Nightingale's videos on the Oakfield web site for some ideas. She is going to add some more as well so you will have other things to try.

I will be in touch again after half term and in the mean time keep up all the good things that you are doing. Don't forget if you have any questions you can get in touch and we will do our best to give you the answer. Take care of yourselves.

L Peat

Ms Peat Head of Year 8
