**Re: Options Evening 30th January 2025**

Dear Parent/Carer and students

We are hosting an Options Evening for our prospective Year 9 students and their families on 30th January 2025. This will give you an opportunity to explore the subjects we offer and assist you in making your course choices prior to joining us in September 2025.

An Options Booklet will be provided on the evening to guide you through the process of choosing subjects for September 2025. The information will also be made available via our website.

The evening will start with an academic presentation in the Merlin Theatre at 1730 hrs and will be repeated at 1830 hrs. You are welcome to join either session.

Following the presentation, there will be an opportunity for you to meet the Pastoral and Inclusion Team in the Futures Study Room from 1800 hrs. We will have staff and students on hand to guide you between the Merlin theatre and our Futures building.

There will be presentations offered in the following subjects throughout the evening in Futures:

Health & Social Care with Mrs Hyde	Photography with Ms Auld
Food Technology with Mrs West	Music Technology with Mr Hampson
Sociology with Mr Randall	GCSE PE with Mr Howlett
Computer Science with Mr Durber	BTEC Sport with Mr Howlett

We extend a very warm invitation to all of you to come and explore our wide range of interesting subjects and to also have the chance to meet some of our staff.

Yours sincerely

Wendy Day

Transition Coordinator
