Reading is still such a positive at the academy and this can be observed here with pupils in year 8 leaving with an average reading age of 13.00. We know that this is an excellent platform from which to build on as they progress into Key Stage 4. Pupil premium pupils also continue to show positive progress in their reading ages as do our SEND pupils. A key focus will be looking to narrow that gap between pupil premium and non-pupil premium progress in months in year 8 ready for Key Stage 4.
