## Newsletter #11 – Summer Term

### Bikeability

Well done to our Year 3 pupils for completing their Level 1 Bikeability training and to our Year 5 pupils for completing their Level 1 and Level 2 training. Both year groups learnt how to start and stop safely on the playground and how to observe over their shoulder. The Year 5 pupils, as part of their Level 2 training, then had the opportunity to ride on the roads around the village. Thank you to the Bikeability instructors for spending three days in school working with our pupils.

### Parking

We have had a number of concerned members of the public, in and out of our Old Hutton village community, raise concerns regarding parked vehicles where the red crosses are. This is proving a hazard for people turning out of the road (to the right of the crosses) as it obstructs their view when exiting that road to traffic coming down the hill from the right. Please do not park there.

When dropping off and picking up, please park considerately making sure that you don't block or turn in anyone's driveway.

### Paddleboarding and Climbing

On Tuesday, a group of our Year 5/6 pupils went paddleboarding on Lake Windermere. The weather conditions finally allowed the pupils to stand up on their paddleboards! It was amazing to see how much balance and coordination the pupils had.

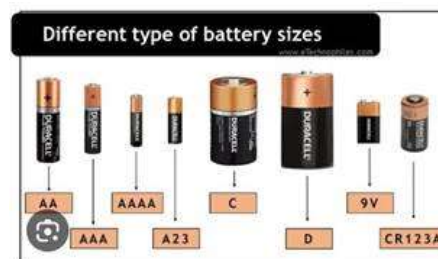

On Wednesday, our Year Four had their final climbing session of the year. It has been brilliant to see the progress the pupils have made over the nine hours of lessons. During the session, the pupils had the opportunity to visit the brand new bouldering room!

### Tennis Courts

Please find attached to the newsletter email a consultation letter from Helm Youth Club. The letter explains that they are looking to refurbish the existing tennis courts that our pupils use every day. I believe that a refurbished tennis court will not only benefit our pupils but the whole community. If you would like to share your thoughts, please click on the link in the attached letter.

## **Battery Recycling - Now In School**

We are now part of a battery recycling scheme. If you have any dead batteries at home, please bring them in. We accept the below as well as button (or cell), mobile phone, laptop and power tool batteries. Please pop them in Angela's office. All lithium batteries should have both terminals taped over.

## **National College**

National Online Safety and The National College have recently joined forces to create an amazing website full of brilliant resources. If you would like a free membership to the platform, please click on the link below.
