Understanding your child's online world.

Dear Parents,

The world is forever changing, and that includes technology. As some of you are probably experiencing now, a lot of young people have an online life, that perhaps we are excluded from.

Do you know what apps your child has?

How long do they spend on their phones or devices?

Can you spot apps on your child's devices that may be of a danger to them?

The police regularly see the darker side of such apps and the cyber world, and we wanted to take the opportunity to equip you with some knowledge that could help keep your child safe.

That is not to say that the cyber world is all dangerous. The internet is a wonderful thing, and being better informed will be of great benefit to you.

On the 25 January 2024 at 18:00 PCSO Hayley Newman and DC Lee Clark from the cybercrime team will be holding an information evening in the main hall at Dallam School.

If you would like to attend please fill out the online form below to allow us to make the appropriate seating arrangements in the hall.

[Information Evening: Information Technology \(office.com\)](#)

Regards
Ms Lucy Gemelli
Head of Year 9 and 10
