

Our exam board is AQA.

Lots of revision resources for CHEMISTRY on Google Classroom

Also useful are BBC Bitesize, educake.co.uk, senecalearning.com, physics and maths tutor - very good for past paper question practice.

If you do any practice questions, use the mark schemes to check your answers and ensure the language you are using is accepted in the mark scheme.

TOPICS to REVISE are:

1. Atomic structure (first taught in year 10)
2. Periodic table (first taught in year 10)
3. Bonding- ionic, metallic and covalent (taught in year 10)
4. Chemical reactions (taught in year 10 and y11)
5. Energy changes (taught in y10 and y11)
