

For the Listening, Reading and Writing Exams - Revise all content from Modules 1-5 Knowledge Organisers and from the Grammar, Vocab and Phonics handbook, revise Chapters 3, 4, 5, 6, 7, 8, 9 and 11.

As this is a genuine Past Paper, there may be some content that we have not yet covered in lessons. To prepare for this, students are encouraged to do vocab practice on Memrise.

You should have joined the Memrise class already, but if not, please follow this link: <https://community-courses.memrise.com/group/562237/> to join and start learning/revising words.
