Introduction

This document is designed to provide Year 11 pupils and their parents/carers with information about individual school sixth forms and further education colleges in Lancashire. This should help to support any decisions they are making about their futures and what each institution is able to provide.

Due to the Covid-19 situation, school sixth forms and colleges are not able to offer things like open days, campus tours and taster days and this may have felt like there is less support available to help young people deciding on their next steps. You can see from the information in this document that there is a wide range of information and support which can be accessed either through websites, on social media or on the phone.

If young people are still undecided about what they want to do when they finish school, this document shows what the school sixth forms and colleges across Lancashire have to offer and how they can still support young people at this time – as well as how to make an application for a place. A summary of how apprenticeship providers can support young people is also included.

For information on school sixth forms and colleges not included within this document, such as those located outside of Lancashire, we would advise you to contact them directly or look on their websites and social media pages for information, advice and support.

For information on any apprenticeship providers not included within this document, we would advise you to contact them directly or look on their websites and social media pages for information, advice and support. Alternatively, you can contact the Lancashire Work Based Learning Forum at info@lancsforum.co.uk and they will be happy to assist wherever possible.

School sixth forms, colleges and apprenticeship providers are here to support all young people in making the right decisions for their futures. Please be assured that they are taking all steps necessary to provide a safe learning environment for all their students during this uncertain time

School Sixth Forms

Accrington Academy

Application process	<p>An application form can be completed and submitted online via the school's website: https://accrington-academy.org/sixth-form/ or a paper copy can be requested. This can be handed in at the Academy or posted back to: Accrington Academy, Queens Road West, Accrington, BB5 5FF. Students will then be invited for an interview at the Academy to discuss courses.</p>	Further information, guidance and support	<p>The school offers GCSE re-sits in English and Maths for any students that have not achieved a Grade 4. These will take place during weekly timetabled lessons alongside their other studies.</p> <p>The school would advise young people not to panic, they are here to help and re-assure them. The school wants to help young people pick a course they will be successful on and that is the right course for them.</p> <p>If you have any queries, concerns or require any further information, please email the school at: 6thformenquiries@accrington-academy.org.</p>
Selection process	<p>In the absence of a physical interview, the school has been making offers based on applications and communicating with students via phone and email so it is crucial these details are correct on the application form.</p> <p>The entry requirements for the A level pathways are five Grade 5s including English and Maths. If students wish to study A Level Biology, Chemistry, Physics or Maths then they must have achieved at least a Grade 7 at GCSE. The entry requirements for the Vocational pathway are five Grade 4s.</p>	Information on student finance	<p>For more information on student finance, please email the school at: 6thformenquiries@accrington-academy.org.</p>

Burnley College

Application process	You can apply on-line at: https://www.burnley.ac.uk/BCSFC-courses or https://www.burnley.ac.uk/Themis-Apprenticeship-Programmes and all applications are being processed in the usual way.	Resources to prepare for Year 12	Your future subject tutor can provide you with a suite of online subject packs for you to complete over the next few months. The packs include links to videos made by tutors that introduce you to the teaching team, the exciting topics you will study as well as providing interesting and engaging activities linked to the subject. For example, Film and Media students can watch key scenes from films and then begin to analyse what they have seen; Maths students can try their hand at puzzles that will help to prepare them for their A Level Maths classes; and Engineering students can utilise industry standard software to give them a head start on CAD and CAM drawing before they step into the classroom. These opportunities to kick start college learning are provided for all course areas offered by the college, giving you the opportunity to find out lots more about the course you have chosen. The college is also working on a range of interactive activities for over the summer period, such as a 'Staycation' pack. This is a way of being able to travel the world, see new sights and experience new cultures, all from the safety of your own home. The Burnley College student experience is a key part of students' personal growth and development and the college is really excited to be able to bring this to life before you start your course. It's another opportunity to 'meet' new friends and classmates and get involved in college life. These packs will be sent to applicants in the Summer months.
Selection process	If you have applied for a place on a course you will be invited for an interview. This will take place either by phone or video. Your interview will be scheduled for a time that suits you and will give you an opportunity to ask questions as well as an opportunity for tutors to find out more about you.		
Course information	For the full range of courses and related information, please visit the college's website: www.burnley.ac.uk . If you have any individual questions or queries, please do not hesitate to contact the college's Schools Liaison Team on 01282 733322 or email them at admissions@burnley.ac.uk . Alternatively, you can submit an online form through the college's website at: https://www.burnley.ac.uk/adviceandguidance .		
Resources to prepare for Year 12	If you have applied to Burnley College, you will have received updates from the team. This will have included information about those crucial next steps into further education and also some exciting activities to take part in as part of the wider college experience. You will have been invited to join a Facebook group for your chosen subject areas. On this page, you will be able to communicate with other applicants and with course tutors. You will also receive important updates relating to your course as well as some work that will help you prepare. It is really important that you join the relevant page.
