Dear Parents/Carers,

As part of our science curriculum, we are studying an animal care module.

To further enhance their learning experience, I am planning on bringing in a range of animals over the next few weeks; a rabbit, iguana and a Russian rat snake. Please would you indicate if you are happy for your child to take part in these sessions, and inform the school if your child has any allergies.

If you are happy for your child to take advantage of this option then please sign the slip below and return it to school as soon as possible.

Please tear off this slip and return to school if you are happy for your child to participate.
