

Overall Curriculum Intent for the Children at Holy Rosary Catholic Academy

Our intention at Holy Rosary is for all children to experience a broad and balanced curriculum, rich in knowledge and opportunity and tailored to meet the needs of all children. Our curriculum is designed to build on prior knowledge, allowing children to know more and remember more.

We hope to instil in our children a sense of self-belief and resilience, and an understanding of how they can reach their full potential. We will encourage our children to have aspirational thoughts about their future, the various career paths that are open to them and to open their eyes to the wider world beyond Billingham.

Threaded throughout our curriculum, are our Christian and Trust values of Honesty & Self-belief - Justice & Compassion - Resilience & Confidence - Respect & Responsibility. These qualities will allow our children to become good role models, who will have a positive impact on our school, local and wider community.

Our intention is that by the time our children leave Holy Rosary, they will have gained valuable knowledge and skills that will support them as they move on to their next phase in learning and beyond. No matter their starting point, or their personal life experiences, all children will have experienced a curriculum that has allowed them to be aspirational in their thoughts for the future and become the best version of themselves.

Our children will:

- Have confidence and self-belief in themselves
- Have developed a good attitude to learning
- Aspire to aim high and challenge themselves to achieve great things in the future.
- Recognise that there is life and opportunity beyond Billingham
- Have developed a strong sense of moral purpose and respect for others.
- Will be ready and excited about their next phase in learning.
