## Catholic High School

### **Pupil Premium Strategy Statement**

|                |           |
|----------------|-----------|
| Date of Policy | Sept 2025 |
| Date of Review | Sept 2026 |

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

## **School Overview**

| <b>Detail</b>                                                                                                                                                                  | <b>Data</b>                   |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|
| Number of pupils in school                                                                                                                                                     | 803                           |
| Proportion (%) of pupil premium eligible pupils                                                                                                                                | 44.6%                         |
| Academic year/years that our current pupil premium strategy plan covers <b>(3 year plans are recommended – you must still publish an updated statement each academic year)</b> | 2024/25<br>2025/26<br>2026/27 |

| <b>Total budget for this academic year</b><br><i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i> | £412 810      |

## **Part A: Pupil Premium Strategy Plan**

### **Statement of Intent**

#### **'In Christ We Grow'**

***As a learning community, we live out our Mission Statement striving for excellence through caring, sharing and achieving***

The focus of our Pupil Premium strategy is to provide highly effective teaching that meets the needs of our students and allows them to succeed academically. We are working relentlessly to address the disproportionate impact of the pandemic on our disadvantaged students and to close the gaps in learning that have occurred.

Our school priorities of **Attendance, Behaviour & Curriculum** apply to all students in the school and specific focus is given to ensuring that gaps between disadvantaged students and their peers are reduced.

We will:

- Support students to have high levels of attendance
- Proactively teach and model the positive attitudes to learning that we expect in school
- Support students to have high standards of their behaviour and ensure that learning is not disrupted
- Implement an ambitious curriculum that is well sequenced to ensure that knowledge is gained incrementally over five years that allows students to achieve in their qualifications
- Develop the whole child by supporting students Social, Moral, Cultural & Spiritual development
- Develop students' literacy skills that serve as the foundation to understanding across the curriculum
- Raise achievement in all year groups through focussing on rigorous tracking and monitoring
- Ensure that disadvantaged students are ready for their next stage of education, employment or training

Our strategy spans all aspects of the work of the school and all staff have a part to play in closing gaps and improving the life chances of our students by ensuring that they leave school with the **academic currency** needed to have true choices for their next steps.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge                                                                                                                                                                                                                                                                                                               |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1                | <b>Attendance</b><br><i>Attendance to school in 2024/25 was 89.3% for all students, however for disadvantaged students this is 85.6% compared with 91.3% for their non-disadvantaged peers. Levels of persistent absence were significantly higher for our disadvantaged students</i>                                             |
| 2                | <b>Behaviour</b><br><i>Behaviour data in all three stages of our school systems was significantly higher for disadvantaged students than their non-disadvantaged peers. Disadvantaged students had higher levels of suspension and permanent exclusions.</i>                                                                      |
| 3                | <b>Curriculum - Qualifications</b><br><i>The attainment gap between PP and nPP students exists in all measures that exist in 2024/25 (Basics and A8)</i>                                                                                                                                                                          |
| 4                | <b>Curriculum – Key Stage 3</b><br><i>Internal tracking has already identified that gaps in progress are starting to arise in students in lower year groups <b>in some subjects</b>.</i>                                                                                                                                          |
| 5                | <b>Literacy</b><br><i>KS2 data indicates incoming Year 7 have a larger proportion of students that have not met the expected standard in reading than any previous cohort</i>                                                                                                                                                     |
| 6                | <b>Pastoral Care / Safeguarding</b><br><i>Our data shows that disadvantaged students access a much greater range of pastoral interventions than their peers and have higher incidence of safeguarding concerns. These incidents are usually of more serious concerns often requiring external agency support and involvement.</i> |

## **Intended Outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| <b>Intended Outcome</b>                                                          | <b>Success Criteria (2025/26)</b>                                                                                                                                                                                                                                                                             |
|----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Improved Attendance                                                              | <ul style="list-style-type: none"> <li>Improved attendance for disadvantaged students to at least 90%</li> <li>Reduced persistent absence to 35%</li> </ul>                                                                                                                                                   |
| Improved Behaviour                                                               | <ul style="list-style-type: none"> <li>Reduction in On-Calls</li> <li>Reduction in suspensions and permanent exclusions</li> <li>Disadvantaged students account for less than 50% of incidents</li> </ul>                                                                                                     |
| Improved Key Stage 4 Outcomes<br><b>(Academic Currency)</b>                      | <ul style="list-style-type: none"> <li>Attainment 8 is at least 38</li> <li>Basics (Strong) is at least 25%</li> <li>Basics (Standard) is at least 50%</li> </ul>                                                                                                                                             |
| Improved achievement in all year groups                                          | <ul style="list-style-type: none"> <li>At least 50% of all disadvantaged students are meeting academic expectations in RE, English, Maths, Science, History, Geography and MFL</li> </ul>                                                                                                                     |
| Improved reading ages                                                            | <ul style="list-style-type: none"> <li>Average SAS for PP students to be 100</li> <li>Reduce the number of students below 100 SAS</li> <li>Completion of 1 hour each fortnight on Bedrock Literacy (vocabulary development)</li> <li>Completion of 30 minutes of reading on Sparx Reader each week</li> </ul> |
| Improved attendance, behaviour and outcomes for disadvantaged students with SEND | <ul style="list-style-type: none"> <li>Improved attendance</li> <li>Improved behaviour</li> <li>Attainment 8 is at least 30</li> </ul>                                                                                                                                                                        |

## Activity in this Academic Year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

### Teaching

Budgeted cost: £ 244 152

| Activity                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Evidence that supports this approach                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Challenge number(s) addressed |

**Total budgeted cost: £ 412 810**

## Part B: Review of the previous academic year

### Outcomes for disadvantaged pupils

#### Key Stage 4 Outcomes

|                     | 2024<br><i>Unvalidated</i> |        | 2025   |      |
|---------------------|----------------------------|--------|--------|------|
|                     | PP                         | Non-PP | PP     | nPP  |
| <b>Attainment 8</b> | 34.8                       | 41.8   | 33.3   | 41.6 |
| <i>Gap</i>          | -7                         |        | -8.3   |      |
| <b>EBacc Entry</b>  | 23%                        | 36.8%  | 31.0   | 44.9 |
| <i>Gap</i>          | -13.8%                     |        | -13.9  |      |
| <b>Basics 5+</b>    | 18%                        | 30.7%  | 16.9   | 31.6 |
| <i>Gap</i>          | -12.7%                     |        | -14.7% |      |
| <b>Basics 4+</b>    | 41%                        | 58.7%  | 33.8   | 60.2 |
| <i>Gap</i>          | -17.7%                     |        | -26.4% |      |

- Outcomes for those eligible for pupil premium funding have increased in each of these 5 key measures from 2023 and the gap has closed in 4 out of the 5 measures showing that those eligible for pupil premium funding are improving **faster** than their peers.
- Whilst improvement has been seen the outcomes do need to continue to improve at pace to close the gap

#### Attendance

|                | 2023/24 |        | 2024/205 |        |
|----------------|---------|--------|----------|--------|
|                | PP      | Non-PP | PP       | Non-PP |
| <b>Overall</b> | 83.6    | 91.7   | 85.4     | 88.9   |
| <b>Year 7</b>  | 86.4    | 93.6   | 87.9     | 94.1   |
| <b>Year 8</b>  | 84.2    | 92.7   | 87.3     | 92.9   |
| <b>Year 9</b>  | 79.3    | 89.7   | 87.8     | 93.6   |
| <b>Year 10</b> | 83.6    | 90.8   | 83.9     | 91.2   |
| <b>Year 11</b> | 85      | 91.8   | 84.3     | 92.4   |

- Attendance to school remains a significant challenge but the gap between PP and nPP students has decreased

#### Behaviour

- Instances of poor behaviour at all levels are higher for those eligible for pupil premium funding compared to their peers

#### Reading Age (Standardised Age Scores)

|               | Baseline |        | End of Year |        |
|---------------|----------|--------|-------------|--------|
|               | PP       | Non-PP | PP          | Non-PP |
| <b>Year 7</b> | 98       | 99.6   | 98.1        | 101.3  |
| <b>Year 8</b> | 95.7     | 103.3  | 96.0        | 103.4  |
| <b>Year 9</b> | 95       | 101.6  | 99          | 103.9  |

- Students eligible for pupil premium funding made progress in all year groups with the gap reducing in Year 8 and 9
- Reading Ages & Standard Scores for students eligible for pupil premium funding continue to be below expectations and are a barrier to understanding the curriculum across all subject areas
