

# THE PUPIL POST

By PUPILS, FOR PUPILS

## The Head Pupil's Hello

Welcome to the very first edition of the Pupil Post! We're super excited to bring you this newsletter, packed with all the latest school updates, achievements, and fun stuff happening in our community. Think of this as your go-to place for all things school-related, event highlights, student shoutouts, important reminders (we promise we'll keep it short!), and ways to get involved. We want this to be something you actually want to read, so if you have ideas, cool stories, or even a joke to share, let us know!

This half term is going to be amazing, and we cannot wait to go on this journey with you. Stay tuned, get involved, and most importantly have fun!

Remember this is your newsletter, written by pupils, for pupils.  
Teddy, Maddie, Deborah, Ellyka, Ernes and Maxwell,

## What's hot in school?

- Wellbeing buddies: Your listening ear when times get tough! Come join us for a chat Monday, Wednesday, Friday & Friday lunchtime.
- Following your voices, plans are in place for our new school MUGA to be built!
- As the weather is brightening up we are looking for some keen gardening volunteers to help the CAFOD live simply team in the garden!

## Life hacks & tips!

The 2 minute rule: If a task takes less than two minutes, do it immediately! It could be tidying your desk, writing down homework etc. This stops small tasks from becoming bigger tasks!

# Catholic Life & Fundraising

- The team met with Bishop Stephen when he visited our school to discuss the CAFOD Live Simply plan which is underway, if you don't know what that is it's an award which enables Catholic communities to care for creation and stand as one.
- We have implemented recycling bins across our school site as part of our care for creation duty and to make sure we are eco-warriors.
- We are creating a reflection group in our beautiful chapel, to create some time for reflection and peace in amongst the craziness of OLSBI
- Ongoing work is happening behind the scenes in turning our prayer garden into a haven of serenity, with the aid of our SVP group.
- Volunteers always welcome!

## Culture & Wellbeing

- Wellbeing buddies has launched in the RE corridor. As wellbeing buddies we are your listening ear when times get tough! Come join us for a chat Monday, Wednesday, Friday & Friday lunchtime.
- We are always looking for new volunteers, see Miss Coates if you are interested!

## Sport

- After meeting with the Student Council and listening to your opinions, we proposed the idea to Mrs Wilkinson surrounding the building of a MUGA (Multi-use games areas). We are over the moon to let you guys know that, in the upcoming summer there are plans for a MUGA to built for us all to enjoy!

## The best thing heard this week...

"The light mornings are making me happier on a morning, life is looking up!"
