

## Prior Knowledge

- Pictures can be created by cutting out or tearing and arranging shapes and colour (Y1, Spring Term)
- Matisse worked with brightly coloured paper to create collages. He called the technique 'drawing with scissors' (Y1, Spring Term)
- Landscape art is the depiction of natural scenery such as mountains, valleys, rivers, forests or beaches (Y2, Summer Term)

## Key Knowledge

- Collages can be created using different techniques such as tearing, overlapping and layering.
- Jeannie Baker uses collage to create images and picture books. She uses layering to add dimension to her artwork.
- In creating her artwork, Jeannie Baker works out her ideas through drawings before focussing on the detail.
- Jeannie Baker uses a variety of textures in her works, often using textures from the actual materials portrayed (e.g. bark, feathers, cracked paint, knitted wool).

## Key Vocabulary

### collage

collage is a style of art which is made up of overlapping pieces of material such as coloured or textured paper.

### texture

texture in art concerns the surface quality of a piece of work. texture invokes the visual 'feeling' a piece gives off.

### depth

portraying depth in art refers to creating the illusion of three-dimensional space on a two-dimensional surface.

*How can I create depth and dimension in landscape art?*

Jeannie Baker creates images by layering collage.

Jeannie Baker is an English-born Australian artist, author and film maker.
