

Our Lady and St Thomas Primary School

Science Long Term Plan

Key Stage 1					
EYFS/Y1	Animals/Humans Unit 1		Everyday Materials	Plants Unit 1	
	Seasonal Change				
Y1/Y2	Living Things and Their Habitats Unit 1	Uses of everyday materials	Plants Unit 2	Animals inc. Humans Unit 2	Electricity Unit 1

Lower Key Stage 2						
Year A	Rocks and Soils	Earth and Space	Electricity Unit 2	Living things and their Habitats Y4 Unit 3	Living things and their Habitats Y5 Unit 4	
Year B	States of Matter	Properties and Changes of Materials	Magnets & Forces	Forces	Animals Inc. Humans Y3 Unit 3	Living things and their Habitats Unit 2- This does not Exist!?
Year C	Animals Inc. Humans Y4 Unit 4	Animals Inc. Humans Y5 Unit 5	Sound Unit 1	Sound Unit 2	Plants Unit 3	Light Unit 1

Within KS2 we have mixed Year 3&4 and 4&5 classes. To ensure the children do not miss any science aspects we are running a three year cycle. This means the children will meet all aspects across year 3, 4 or 5. They will make progress through Scientific Enquiry in line with their year group so investigations will differ between classes.

Upper Key Stage 2					
Y6	Living things and their habitats Unit 5	Electricity Unit 3	Light Unit 2	Evolutions and Inheritance	Animals Inc Humans Unit 6

Teachers may reorder aspects within each year to suit topics being covered however the aspects will remain in their own cycle.
